FIRST REPORT TO THE COURT  
OF ERNST & YOUNG INC. AS INTERIM RECEIVER

November 25, 2010

---

**BACKGROUND**

1. On November 10, 2010, Bank of Montreal ("**BMO**") made an application to the Court for an order, and the Court made an order (the "**Appointment Order**"), appointing Ernst & Young Inc. ("**EYI**") as an interim receiver (the "**Interim Receiver**") pursuant to Section 47(1) of the *Bankruptcy & Insolvency Act* and pursuant to Section 101 of the *Courts of Justice Act* of 2110458 Ontario Limited ("**211**"), 2131413 Ontario Limited ("**213**"), 787755 Ontario Limited ("**787**") and Tarbrac Holdings Inc. ("**Tarbrac**") (collectively the "**Debtors**"). A copy of the issued Appointment Order is attached as Appendix "A" to this Report.
2. The Interim Receiver was not authorized or directed to take possession or control of the Property (as defined below) of the Debtors. The Interim Receiver was authorized and directed to protect and preserve the assets of the Debtors, to review the affairs of the Debtors and to report to the Court in connection therewith. One of the initial tasks of the Interim Receiver is to report and make recommendations in respect of the sale of the businesses and assets of the Debtors. The Appointment Order ordered that the Interim Receiver be empowered and authorized, inter alia:
  - (a) to receive, preserve and protect the assets, undertakings and properties of the Debtors acquired for, or used in relation to a business carried on by the Debtors, including any proceeds thereof (collectively, the "**Property**"), and including, but not limited to, the changing of locks and security codes, the relocating of Property

to safeguard it, the engaging of independent security personnel, the taking of physical inventories and the placement of such insurance coverage as may be necessary or desirable;

- (b) to monitor the receipts and disbursements of the Debtors, including, without limitation, the right to access all information related to the Debtors' accounts or finance activities at any financial institution, with any trade creditor or with any other party;
- (c) to engage consultants, appraisers, agents, experts, auditors, accountants, managers, counsel and such other persons from time to time and on whatever basis, including on a temporary basis, to assist with the exercise of the Interim Receiver's powers and duties;
- (d) to develop a plan in furtherance of marketing any or all of the Property, including obtaining appraisals of all or any part of the Property as the Interim Receiver in its discretion may deem appropriate, advertising and soliciting offers in respect of the Property or any part or parts thereof, undertaking discussions and negotiations with parties known to have expressed an interest in any or all of the Property, and developing such terms and conditions of sale as the Interim Receiver in its discretion may deem appropriate;
- (e) to exercise any shareholder, partnership, joint venture or other rights which the Debtors may have;
- (f) to conduct any examinations under oath deemed necessary, including, without limitation, examinations of Guiseppe Gatti, Peter Nelipa or any other director, officer or employee of the Debtors; and
- (g) to undertake any investigations deemed necessary by the Interim Receiver with respect to the location and/or disposition of assets reasonably believed to be, or to have been, property of the Debtors.

#### **PURPOSE**

3. This is the first report of the Interim Receiver. The purpose of this Report is to:

- Provide the Court with an overview of the Debtors and their operations;
- Update the Court on the actions taken to date by the Interim Receiver in preserving and protecting the Property and in monitoring the receipts and disbursements of the Debtors;
- Update the Court on the actions taken to date by the Interim Receiver in investigating the location and/or disposition of assets reasonably believed to be, or to have been, property of the Debtors, and the issues identified through those procedures;

- Update the Court on the Interim Receiver's development of a plan in furtherance of marketing any or all of the Property, including the Interim Receiver's recommendation to the Court in that regard;
- Provide the Court with the Interim Receiver's recommendation in respect of the motion that the Interim Receiver understands BMO intends to make for the appointment of EYI as full Court-appointed receiver of the Debtors; and
- Seek the Court's approval of the Interim Receiver's activities to date, including activities undertaken by EYI in contemplation of its potential appointment as Interim Receiver.

#### **Terms of Reference**

4. In developing this Report, the Interim Receiver has relied upon unaudited financial information, the Debtors' records, and discussions with the management of the Debtors. The Interim Receiver has not audited, reviewed or otherwise verified such information. The Interim Receiver notes in particular that due to the significant difficulties experienced to date in obtaining information from the accounting system of the Debtors, as described in greater detail below, the Interim Receiver has been unable to corroborate many aspects of the information obtained through discussions with the management of the Debtors.
5. Monetary amounts in this Report are in Canadian dollars unless otherwise indicated. Where applicable in this Report, United States dollar amounts have been converted into Canadian dollars at par.

#### **OVERVIEW OF THE DEBTORS AND THEIR OPERATIONS**

##### **Corporate and Senior Management Structure**

6. The Interim Receiver's summary understanding of the ownership and senior management structure of the Debtors and their affiliates (collectively, the "**Loretta Group**") is set out below, and is also summarized for the convenience of the Court in Appendix "**B**" to this Report:
  - (a) Mr. Giuseppe Gatti is the individual responsible for overall direction of the Loretta Group. In the affidavit of Mr. Robert Kiefer filed with BMO's motion materials seeking the Appointment Order (the "**Kiefer Affidavit**"), Mr. Kiefer indicated his understanding that Mr. Gatti is the Vice-President of each of 211 and 213 and the Chief Operating Officer of 787. Mr. Gatti is listed on the Loretta Foods web site ([www.lorettafoods.com](http://www.lorettafoods.com)) as the President and CEO of Loretta Foods;
  - (b) The common shares of Tarbrac are owned by Ms. Taragh Bracken, whom the Interim Receiver understands is the spouse of Mr. Gatti. Ms. Bracken is also the sole director of Tarbrac. The Interim Receiver understands that 100% of the

Class A preference shares of Tarbac are held by GRS International Ltd., which also acts as broker for 787 on certain of the trading transactions described below;

- (c) 211, 213 and North Dakota Holdings Ltd. (“**NDHL**”) are wholly-owned subsidiaries of Tarbac. EYI was not appointed Interim Receiver of NDHL but, under the Appointment Order, is authorized to exercise any shareholder, partnership, joint venture or other rights which the Debtors may have (whether in relation to NDHL or any other entity); and
- (d) the sole shareholder of 787 is Mr. Peter Nelipa. As described below, Mr. Nelipa is also the Director of Operations for the flour milling operations carried out by 211.

### **Operations**

- 7. 211 operates primarily from leased premises located in Whitby, Ontario (the “**Whitby Premises**”). 211 operates under the registered trade name “**Loretta Flour**” and is also known as the “Loretta Flour Division” of the Loretta Group’s operations. 211 produces various types of hard wheat flour from wheat sourced from Ontario and Western Canada. The majority of 211’s sales are to retail, foodservice, and industrial customers located throughout Eastern Canada and the United States. The Loretta Flour Division employs 10 people and, according to its unaudited internal financial statements, had revenues of approximately \$41.2 million for the nine months ended September 30, 2010. Day-to-day operations are directed by Mr. Nelipa, as Director of Operations, from the Whitby Premises.
- 8. 213 operates from leased premises located on Sismet Drive, Mississauga, Ontario (the “**Sismet Premises**”). 213 operates under the registered trade name “**Loretta Foods**” and is also known as the “Loretta Spice Division” of the Loretta Group’s operation. 213 is responsible for sourcing and redistributing spices and food mixes globally, as well as blending and repackaging spices for use in various packs and sizes to satisfy home use and institutional customers. The Loretta Spice Division employs approximately 34 people and, according to its unaudited internal financial statements, had revenues of approximately \$27.0 million for the nine months ended September 30, 2010. Day-to-day operations are directed by a Director of Operations located at the Sismet Premises.
- 9. 213 formerly operated from leased premises located at 6820 Davand Drive, Mississauga, Ontario. The Interim Receiver understands that the premises in question (the “**Vacant Davand Premises**”) are still leased by the Debtors but are currently vacant.
- 10. 787 operates from leased premises located on 6815 Davand Drive in Mississauga, Ontario, (the “**Davand Premises**”). The Davand Premises also serve as the head office location for the Loretta Group.
- 11. 787 is also known as the “Food Service and Catering Division” of the Loretta Group’s operations. Operating under the registered trade name “**NDT Food Service**”, 787 is responsible for the daily production of food items, including sandwiches, grab and go meals, soups, fresh salads, desserts and pastries for sale by or in mobile caterers, vending

machines, contract caterers and convenience stores. Orders are taken and filled in person or online and are delivered to the customer or picked-up at the large, on site, cash and carry outlet store located at the Davand Premises. The Foodservice and Catering Division directly services large and small corporate, chain store and institutional client accounts with food products and catering services. The Food Service and Catering Division currently employs approximately 52 people. It is the Interim Receiver's understanding from discussions with management of the Debtors that the Food Service and Catering Division has weekly sales of approximately \$90,000. However, because the financial statements of 787 reflect the combined operating results of the Food Service and Catering Division and the trading activities described below, the Interim Receiver has not been able to separately identify the aggregate revenues of the Food Service and Catering Division for the nine months ended September 30, 2010. Day-to-day operations of the Food Service and Catering Division are directed by a Director of Operations and a Production Manager, both of whom are located at the Davand Premises.

12. In the recent past, 787 has also engaged in trading bulk sugar, flour, spices and other items, operating under the registered trade names "**New Durham Trading**" and/or "**Skyway Wholesale**." The Interim Receiver understands that this trading was conducted (i) to reduce or hedge the prices paid by 211 and 213 for their commodity inputs, (ii) as a broker, to earn commission income by sourcing low-cost commodities for major customers of 787 and other Loretta Group entities, and (iii) as a principal, for profit for its own account. These activities were directed by Mr. Gatti. It is the Interim Receiver's understanding that 787 is no longer conducting these activities, although certain of the related accounts receivable remain on its balance sheet.
13. It is the Interim Receiver's understanding that Tarbrac is a holding company that holds investments in 211, 213 and NDHL and does not carry on any active business.
14. In the Kiefer Affidavit, Mr. Kiefer indicated his understanding that (i) NDHL leases facilities at 1115 West Elm Avenue, Monroe, Michigan (the "**Monroe Warehouse**") and Colgate, North Dakota for storage of inventory of the Debtors that is distributed by the Debtors to customers in the United States, and (ii) the estimated value of the Debtors' inventory located at the Monroe Warehouse as at August 31, 2010 was \$7,800,000. Based on the activities undertaken to date by the Interim Receiver in respect of NDHL, as discussed below, neither the current business activities of NDHL nor the disposition of the inventory formerly located at the Monroe Warehouse is well understood.

#### **Secured Creditors**

15. The primary secured creditors of the Debtors are BMO and Signature Bank, a New York-based financial institution ("**Signature**").
16. The Interim Receiver understands that BMO is owed approximately US\$17.6 million and C\$50,000 excluding costs and excluding interest accruing from November 4, 2010 (the "**BMO Debt**") and has security upon all of the assets of the Debtors (including a pledge of the shares of 787) as security for those obligations. These obligations arise under two agreements. The first is a term sheet pursuant to which BMO provided four credit

facilities to 787, 213 and 211. The Interim Receiver understands that Tarbrac has guaranteed the obligations of 787, 213 and 211 to BMO under the term sheet. The second is a discounting facility agreement between 787 and BMO pursuant to which BMO factored certain of 787's accounts receivable. The Interim Receiver understands that 213, 211 and Tarbrac have each guaranteed the obligations of 787 to BMO under that discounting facility agreement. The Interim Receiver understands that each of 213, 211, 787 and Tarbrac have granted security interests and charges upon all of their property in favour of BMO as security for their obligations to BMO. In addition, the Interim Receiver understands that Mr. Nelipa has pledged the shares in 787 to BMO as security for the obligations arising under his guarantee of the obligations of the Debtors to BMO. The Interim Receiver has not undertaken a review of the security for the BMO Debt and accordingly does not express any opinion thereon.

17. The Interim Receiver understands that 787, 211 and 213 are indebted to Signature in the amount of approximately US\$12.3 million (the "**Signature Debt**") and that those Debtors have granted security to Signature for that obligation. The Interim Receiver also understands that Mr. Gatti and Tarbrac have guaranteed those obligations to Signature. On November 22, 2010, Signature demanded payment. A copy of Signature's demand for payment is attached as Appendix "C". The Interim Receiver has not undertaken a review of the security for the Signature Debt and accordingly does not express any opinion thereon.

#### **ACTIVITIES OF THE INTERIM RECEIVER, INCLUDING PRE-APPOINTMENT ACTIVITIES OF EYI**

##### **Activities Prior to Appointment**

18. Prior to the issuance of the Appointment Order, EYI undertook numerous activities to plan for the execution of its responsibilities if appointed as Interim Receiver. These activities included:
  - (a) Numerous discussions with BMO and its counsel to obtain a preliminary understanding of the assets, operations and liabilities of the Debtors;
  - (b) Review of the financial information and borrowing base certificates provided to BMO by the Debtors. The Interim Receiver understands that the Signature loan agreement required the Debtors to provide Signature with the same information it provided to BMO;
  - (c) Discussion with a representative of GDR Advisory Group Inc. ("**GDR**"), a firm specializing in the performance of collateral examinations on behalf of lenders. GDR had previously been retained by BMO to perform test counts of the inventory that served as part of the collateral for the BMO Debt, and EYI's purpose in speaking to GDR was to obtain a better understanding of the premises where GDR had performed test counts and of the quantities and organization of inventory at those premises. GDR indicated to EYI that it had most recently test-counted inventory at the Monroe Warehouse and the Sismet Premises on August

31 and September 1, 2010, respectively, in conjunction with the Debtors' August 31 inventory counts;

- (d) Meeting briefly with Mr. Gatti and Mr. Michael Falcone (listed on the Debtors' web site at [www.lorettafoods.com](http://www.lorettafoods.com) as the CFO of the Debtors) to obtain an understanding of the assets and operations of the Debtors, and particularly the physical location of Property of the Debtors; and
- (e) Visiting the Davand Premises and the Sismet Premises briefly with Mr. Gatti to obtain an understanding of the steps that would be required to preserve and protect the Property at those facilities. It was not feasible to visit the Whitby Premises before the hearing of the motion for appointment of the Interim Receiver.

#### **Limitations on Availability of Financial Information to the Interim Receiver**

- 19. The individual who formerly acted as controller (the "**Former Controller**") for the Loretta Group resigned on November 3, 2010. The Interim Receiver has been advised by Mr. Gatti, Mr. Falcone and the individuals remaining in the Loretta Group accounting department that the Former Controller performed virtually all of the critical accounting functions. The Interim Receiver has been advised that there is nobody remaining at the Loretta Group who could answer most of the Interim Receiver's questions relating to the financial performance of the Loretta Group.
- 20. The Interim Receiver was further advised by Mr. Gatti and Mr. Falcone that nobody else at the Loretta Group had complete access to the accounting system and certain other electronic data. The Interim Receiver has been advised that the Debtors have been unable to access the information in order to answer the Interim Receiver's questions.
- 21. The Interim Receiver obtained access to the accounting system and other electronic data on November 18, 2010. The Interim Receiver engaged a qualified individual, with whom EYI has had experience when she was the accounting controller in a previous receivership, on a contract basis to assist the Interim Receiver in obtaining information from the Loretta Group's accounting systems.
- 22. The absence of a qualified individual with detailed knowledge of the Loretta Group's accounting records and past transactions has significantly limited the ability of the Interim Receiver to exercise its powers efficiently, on a timely basis, and (in some cases) completely. For example:
  - (a) As described below, it was necessary for the Interim Receiver to develop a weekly cash flow forecast rather than reviewing one prepared by the Debtors;
  - (b) The Debtors have been unable to cost the Spice inventory count conducted by the Interim Receiver, thereby requiring the Interim Receiver to attempt to do so using alternative methods; and

- (c) The Interim Receiver has been unable to obtain consistent explanations for certain of the discrepancies described below.

**Activities of the Interim Receiver to Preserve and Protect the Property**

- 23. Since the issuance of the Appointment Order, the Interim Receiver has taken the following steps to preserve and protect the Property and to monitor receipts and disbursements of the Debtors:
  - (a) Changed the locks and, where applicable, alarm system security codes at the Davand Premises, the Sismet Premises and the Whitby Premises. After visually confirming that they do not appear to be occupied, the Interim Receiver did not change the locks at the Vacant Davand Premises;
  - (b) Provided keys to each of the premises to the applicable Director of Operations and to selected other employees (the Interim Receiver believes this is consistent with its mandate of protecting and preserving the Property but not taking possession or control of the Property which remains with the Debtors, subject to the terms of the Appointment Order);
  - (c) Notified the Debtors' insurers of the appointment of the Interim Receiver, and requested that the Interim Receiver be added as a loss payee and additional named insured;
  - (d) Conducted or arranged for inventory counts where it was cost-beneficial to do so. None of the Debtors maintains a perpetual inventory system.
    - (i) The Interim Receiver retained GDR, which had previously conducted test counts of the Debtors' inventory for BMO, to conduct a full count of physical inventory quantities at the Sismet Premises. As discussed in greater detail below, the Interim Receiver has not yet been able to obtain the aggregate book value corresponding to the physical count because it has not been able to obtain the unit costs that should be used to cost the inventory;
    - (ii) The Interim Receiver was able to conduct a full inventory count at the Whitby Premises when it changed the locks because the only inventory on site was a small quantity of finished goods;
    - (iii) The Interim Receiver did not conduct an inventory count at the Davand Premises because the inventory of the Food Services and Catering Division consists of a large number of perishable, low-dollar-value items, estimated by its Director of Operations to have an aggregate value of less than \$300,000, and for which a full count would be disruptive to the seven-day operation of the Food Services and Catering Division;

- (e) Arranged for the ability to electronically view the bank accounts recently established by the Debtors at the Canadian Imperial Bank of Commerce ("CIBC");
- (f) Worked with management of the Debtors to put in place procedures whereby support for all proposed payments by the Debtors is reviewed by the Interim Receiver, and the proposed payments are discussed by the Interim Receiver with the Debtors' management, as necessary, to provide the Interim Receiver with a reasonable level of comfort that the proposed payments relate to ordinary-course operation of the Debtors and do not constitute inappropriate dissipation of the Property;
- (g) Using information obtained from the applicable Directors of Operations and with a review of historical bank and disbursement records, developed a weekly cash flow forecast against which the Interim Receiver could benchmark actual receipts and disbursements and estimate funding requirements during a sale process. Due to the recent resignation of the Former Controller as discussed in greater detail above, the Debtors did not have a current cash flow forecast or the ability to update any cash flow forecasts prepared previously;
- (h) Worked with the Directors of Operations to establish procedures whereby (i) all supporting documentation for proposed shipments of inventory to customers is reviewed, and copies retained by the Interim Receiver prior to shipment of the goods in question, and (ii) copies of supporting documentation for all inventory receipts are provided to the Interim Receiver;
- (i) Obtained copies of the accounts receivable subledgers for 211, 213 and 787 and discussed with the accounts receivable accountant and with Mr. Gatti the balances indicated in those subledgers; and
- (j) Obtained copies of the fixed and leased asset listings of the Debtors that are available from the records of the Debtors, and attempted to confirm the existence and location of the major items on those lists. Other than a number of leased vehicles used by the Debtors' management and certain employees, the majority of the Debtors' fixed assets consist of the flour milling equipment at the Whitby Premises.

#### **Activities of the Interim Receiver to Investigate the Location/Disposition of Assets**

- 24. Subject to the significant information limitations described above, the information obtained to date by the Interim Receiver indicates that the working capital assets of the Debtors as at the date of the Appointment Order may be substantially less than those reported on the most recent unaudited internal financial statements and borrowing base certificates provided to BMO by the Debtors. Attached as Appendix "D" is a copy of the most recent consolidated unaudited internal financial statements of the Loretta Group (211, 213 and 787), which are as at September 30, 2010 (the "**September Statements**") together with the most recent unaudited internal financial statements for each of 213, 211,

787 and Tarbrac. All of those financial statements are as at September 30, 2010 except for Tarbrac which are as at December 31, 2009.

25. During the course of the Interim Receiver's review of the books, records and affairs of the Loretta Group, the Debtors have not been able to adequately account for approximately \$19 million of the inventory referred to in the September Statements. In addition, Mr. Gatti has advised that the amount of the accounts receivable set out in the September Statements is no longer accurate. The amount of the difference is very substantial. The Interim Receiver is continuing its review of the inventory and accounts receivable and is not currently in a position to comment on these differences including their rationale, accuracy, or the explanations provided for them
26. It is unclear whether sufficient value can be realized from the Property to fully repay the BMO Debt and the Signature Debt.
27. The Interim Receiver also notes that the amount of the Signature Debt reflected on the September Statements is approximately \$2.4 million less than the amount indicated in Signature's demand letter at Appendix "C".
28. To date, neither Mr. Gatti nor Mr. Falcone has been able to provide explanations in respect of inventory and accounts receivable that are consistent with the available financial information or supported by other documentation.
29. In view of the above, the Interim Receiver has also taken a number of preliminary steps to investigate the location and/or disposition of assets it believes may be, or have been, property of the Debtors. These steps have included:
  - (a) Retaining Honigman, Miller, Schwartz and Cohn LLP as U.S. counsel to the Interim Receiver to advise on matters relating to Property potentially located in the United States, particularly inventory potentially located in the Monroe Warehouse. Although GDR indicated to EYI prior to EYI's appointment that GDR had test-counted inventory of the Debtors (which, at the time, had a book value of approximately \$7.8 million) at the Monroe Warehouse on August 31, 2010, in Mr. Gatti's discussions with EYI prior to its appointment he indicated that there was currently no inventory of Loretta in the Monroe Warehouse, and to date he has been unable to provide a comprehensive or consistent explanation for the disposition of the inventory;
  - (b) Sending two representatives of the Interim Receiver to the Monroe Warehouse to inquire as to whether there was currently, or had recently been, any property of the Debtors on the premises. A representative of the organization occupying the warehouse indicated to the representatives of the Interim Receiver that his organization was not affiliated with the Loretta Group, although he was aware of the Loretta Group's financial situation, and refused to allow the representatives access to the premises or to answer any further questions; and
  - (c) Conducted an initial preliminary review of certain hard copy and electronic records of the Debtors that may be relevant to further investigation. The records

reviewed included, inter alia, wire transfer records from the Debtors' bank accounts indicating that between October 20, 2010 and October 26, 2010, 787 and 213 made wire transfers to bank accounts of NDHL in the aggregate amount of \$80,200 plus U.S. \$743,100.

30. Before taking further steps with respect to these matters, the Interim Receiver proposes to consult with BMO and Signature.

#### **DEVELOPMENT OF MARKETING PLAN**

31. Based on the understanding of the Debtors' businesses gained during the procedures described above, and drawing on the experience of professionals from Ernst & Young Orenda Corporate Finance Inc. ("EYO", an affiliate of EYI) who specialize in the food and beverage industry, the Interim Receiver has developed a general approach to the marketing of the Debtors' assets for sale. For reasons that will be described in greater detail below, to date, the Interim Receiver has only prepared a detailed realization plan for the Food Service and Catering Division.
32. The Interim Receiver is of the view that the Food Service and Catering Division:
- (a) Is separately managed, with its own Director of Operations, Production Manager and Purchasing Manager;
  - (b) Has minimal overlap or synergy with the Flour Division or Spice Division other than the use of the Loretta brand name label, which can also be found on name brand foods prepared by the other two divisions;
  - (c) Does not appear to derive significant value from the Loretta brand, as the majority of its sales are made to persons such as mobile caterers that pick up products directly and therefore have a level of familiarity with the Food Service and Catering Division employees;
  - (d) Has limited geographic scope and scalability due to the inherent limitations of transporting fresh foods, and is, therefore, likely to be of interest to a smaller group of potential purchasers, namely organizations that are either carrying on similar businesses or involved locally in areas of the food industry that would allow them to realize sales or purchasing synergies; and
  - (e) Has no apparent connection with the significant decline in accounts receivable or inventory noted in Appendix "C" or described above, because, as a largely cash-based business selling fresh foods, it has minimal accounts receivable or inventory.
33. Accordingly, the Interim Receiver is of the view that the Food Services and Catering Division (including the accounts receivable arising from the operation of that business) should be marketed forthwith for a potential sale of the property by a Court-appointed receiver, and that such an approach is unlikely to impair realizations from the remaining Property. In Appendix "E", the Interim Receiver has set out a proposed timeline for such

a sales process that would allow a sale to be closed by January 28, 2011. The “required terms of sale” noted in Appendix “E” would include standard insolvency sale terms (as is, where is, no representations, no warranties) as well as a requirement that the Interim Receiver (or, if the relief sought by BMO as described below is granted, the Court-appointed receiver) be allowed to continue to use the head office portion of the Davand Premises for a number of months to allow efficient administration of the receivership proceedings.

34. The Interim Receiver is still in the process of analyzing the factors driving value, and identifying the likely potential purchasers, at the Loretta Flour Division and Loretta Spice Division, and, accordingly, the Interim Receiver has not yet developed a detailed realization plan. The Interim Receiver expects that it (or, if the relief sought as described below is granted, the Court-appointed receiver) will apply to the Court in the near term for approval of a detailed realization plan for these assets.
35. The Interim Receiver does not currently have sufficient information to evaluate the realizable value, if any, of Tarbrac’s investment in NDHL and, accordingly, it is not yet in a position to recommend a realization plan for this asset.

#### **MOTION FOR APPOINTMENT OF RECEIVER**

36. Based on the Interim Receiver’s discussions with representatives of BMO and its advisors, the Interim Receiver understands that BMO intends to make a motion for an Order (the “**Receivership Order**”), inter alia,
  - (a) appointing EYI as Receiver (the “**Receiver**”) of the Debtors;
  - (b) authorizing the Receiver to carry on the business of the Debtors;
  - (c) authorizing the Receiver to execute the sale process for the Food Services and Catering Division, as set out above and in Appendix E to this Report;
  - (d) authorizing the Receiver to develop and (with the further approval of the Court) execute detailed realization plans for the remaining Property;
  - (e) authorizing the Receiver to conduct inquiries and obtain copies of the books and records of NDHL as they relate to transactions with one or more members of the Loretta Group;
  - (f) authorizing the Receiver to exercise any shareholder, partnership, joint venture or other rights that the Debtors may have;
  - (g) authorizing the Receiver to make enquiries with Canadian financial institutions to determine if NDHL or members of the Loretta Group hold bank accounts with such financial institutions, and, if so, requiring such financial institutions to disclose the bank statements regarding such accounts;

- (h) authorizing the Receiver to contact Bell Sympatico (or any other provider of information technology services to the Loretta Group) and requiring that such service provider disclose information related to the Loretta Group;
  - (i) amending the style of cause for this proceeding to include the registered trade names of the Debtors;
  - (j) in addition to granting the standard administrative charge for fees and disbursements of the Receiver and its counsel, granting the Interim Receiver a first-ranking priority charge (the “**IR Admin Charge**”) for all amounts that would be subject to the Interim Receiver’s Charge pursuant to paragraph 14 of the Appointment Order, subject to the continued requirement that the Interim Receiver and its counsel pass their accounts pursuant to paragraph 15 of the Appointment Order;
  - (k) approving the activities of the Interim Receiver as set out in this Report.
37. The Interim Receiver recommends (with respect to the relief described in subparagraph 36(k) above, the Interim Receiver respectfully requests) that the Court grant the relief requested. The Interim Receiver is of the view that the appointment of the Receiver will allow the acceleration of realizations from the Property and a more efficient investigation of the significant discrepancies noted previously.
38. The Interim Receiver wishes to bring to the attention of the Court the requested amendments to the style of cause in this proceeding. In these proceedings to date, the Interim Receiver has observed that the vast majority of the parties involved know the Debtors only by their registered trade names. The Interim Receiver is of the view that amending the style of cause to include the trade names will increase the efficiency of the receivership proceedings by making it clear to affected parties that the Debtors and the names they recognize are one and the same.

All of which is respectfully submitted this 25th day of November 2010.
