BACKGROUND

8. Background for the Debtors together with other information regarding these CCAA proceedings, have been posted by the Monitor on its website at: www.ey.com/ca/foundationgroup.

TERMS OF REFERENCE

9. In preparing this Second Report, the Monitor has relied upon unaudited financial information, company records and discussions with the CRO of the Company. The Monitor has not performed an audit, review or other verification of such information. An examination of the financial forecast as outlined in the Canadian Institute of Chartered Accountants Handbook has not been performed. Future orientated financial information relied upon in this report is based on management’s assumptions regarding

future events and actual results achieved will vary from this information and the variations may be material.

SOURCES & USES OF FUNDS SCOPE

10. The CRO has reviewed the bank statements, cancelled cheques, deposit books and other source documents to determine the sources and uses of funds since the inception of Rocky View, Spruce Ridge and Stoney View.
11. Based on the review of the source documentation and with the assistance of management, the CRO classified each transaction into categories including: funds raised, investments, operating costs, and payments to affiliated entities.
12. The Monitor then reviewed the respective offering memoranda (“OM”) and formed expectations regarding the expected use of the capital raised through each OM. The actual receipts and disbursements flowing through the entities were then compared to those expectations.
13. Where variances were noted, additional information has been requested which may change the classification of certain transactions and the results of the SUF analysis presented below. The Rocky View, Spruce Ridge and Stoney View SUF’s are substantially complete and are based both on underlying records/documentation and on the information provided by management and reviewed to date.

ROCKY VIEW SUF

14. The Rocky View project raised approximately \$18 million from approximately 700 investors through the Rocky View OM. The funds raised were to be used to purchase a 150 acre parcel of land located in Rocky View County, adjacent to the boundary of the City of Airdrie (“Rocky View Lands”).
15. The Monitor’s SUF analysis is provided as Appendix “A”. A high level summary of the Rocky View SUF is outlined below:

Combined Rocky View Capital and Rocky View Estates Analysis	
October 1, 2007 - July 31, 2012	
(\$Cdn, Unaudited)	
Cash Inflows	\$ 17,994,155
Cash Outflows	
Purchase of Land	15,625,000
Issuance fees	113,705
Operating and administration fees	2,145,505
Net Cash Inflows/(Outflows)	<u>\$ 109,945</u>

Overview

16. Based on the SUF analysis, the Monitor expected approximately \$173,000 more in Rocky View's bank account compared to actual ending balance. The variance is primarily related to higher than expected land purchase costs of \$625,000 and higher than expected KMC Capital Inc. ("KMC") fees of approximately \$28,000, partially offset by lower than expected management fees of approximately \$426,000, commissions of approximately \$27,000 and Eyelogic fees of \$18,000.

Receipts and Disbursements

17. Net funds received by Rocky View from investors after administrative and commissions total approximately \$17.9 million.
18. The Rocky View Lands were purchased from 1277169 Alberta Ltd. (a related entity) for \$15.6 million. The Rocky View Lands were purchased for \$625,000 more than disclosed on the OM. Ron Aitkens has advised that the discrepancy off sets the under payment of management fees discussed further below.
19. Commissions represent 10% of the capital raised. The variance indicates that commissions were underpaid by approximately \$27,000.
20. Management fees paid to affiliated entities were less than expected by approximately \$426,000. Expected management fees are calculated as 1% per year of total capital raised under the OM. The Monitor reviewed the Rocky View Management Agreement

and confirmed that in addition to the 1% fee, Rocky View was to reimburse costs incurred for services provided by management.

SPRUCE RIDGE SUF

21. The Spruce Ridge project raised approximately \$49.2 million from approximately 2000 investors through the Spruce Ridge OM. The funds raised were to be used to purchase seven parcels of land, totalling 923 acres in the M.D of Foothills, located 8 kilometres southwest of the City of Calgary boundary ("Spruce Ridge Lands").
22. The Monitor's SUF analysis is provided as Appendix "B". A high level summary of the Spruce Ridge SUF is outlined below:

Combined Spruce Ridge Capital and Spruce Ridge Estates Analysis	
October 1, 2007 - August 24, 2012	
(\$Cdn, Unaudited)	
<i>Cash Inflows</i>	
Capital raised	\$ 49,227,440
Intercompany advances	1,190,466
Miscellaneous Income	14,639
	\$ 50,432,545
<i>Cash Outflows</i>	
Purchase of Land	\$ 42,661,500
Land development costs	1,725,161
Operating and administration fees	5,702,961
Intercompany Advances	340,000
	\$ 50,429,622
Net Cash Inflows/(Outflows)	\$ 2,923

Overview

23. Based on the SUF analysis, the Monitor expected approximately \$943,000 more in Spruce Ridge's bank account compared to actual ending balance. The variance is primarily related to the following:
 - a) Lower than expected management fees of approximately \$812,000;

- b) Lower than expected KMC fees of approximately \$30,000;
- c) Lower than expected commissions of approximately \$13,000;
- d) Unexpected intercompany loans received of \$1.2 million;
- e) Higher than expected development costs of \$1.7 million;
- f) Unexpected Intercompany advances paid of \$340,000; and
- g) Higher than expected marketing cost of \$53,000.

Receipts and Disbursements

- 24. Net funds received by Spruce Ridge from investors after administrative and commissions total approximately \$49.2 million.
- 25. Spruce Ridge received intercompany advances of approximately \$1.2 million from related entities. These advances represent claims against Spruce Ridge and will be dealt with under the Spruce Ridge Plan in the same manner as other unsecured claims (which include bondholder claims).
- 26. The Spruce Ridge Lands were purchased from 1330075 Alberta Ltd. ("133") for \$42.7 million. As disclosed in the OM, 133 purchased these lands for \$18.9 million. 133 is a related entity and is in a separate CCAA proceeding.
- 27. Land development costs were paid of approximately \$1.7 million. Per the offering memorandum, it is unclear what quantum of these expenses were to be expected, therefore for this analysis the Monitor has assumed zero.
- 28. To determine what recoveries, if any, can be made from 1252064 Alberta Ltd. ("125") in relation to the \$340,000 borrowed from Spruce Ridge, the Monitor will need to determine the universe of creditors within that entity. The assets of the 125 need to be fully ascertained, net of secured creditor claims, to allow for 125 to potentially and develop a realization plan for those assets in order to distribute any funds to creditors.

At this point, it is not known when or if any recovery of these funds will be made. 125 is a related entity and is in a separate CCAA proceeding.

29. Management fees paid to affiliated entities were less than expected by approximately \$1.8 million. Expected management fees are calculated as 1% per year of total capital raised under the OM, to a maximum of \$200,000 per year. The Monitor reviewed the Spruce Ridge Management Agreement and confirmed that in addition to the 1% fee, Spruce Ridge was to reimburse costs incurred for services provided by management.
30. Commissions represent 10% of the capital raised. The variance indicates that commissions were underpaid by approximately \$45,000.
31. During the time the Spruce Ridge OM was being marketed, approximately \$283,000 was spent by the affiliated entities on Spruce Ridge marketing costs.

STONEY VIEW SUF

32. The Stoney View project raised approximately \$31.6 million from approximately 1400 investors through the Stoney View OM. The funds raised were to be used to purchase a 160 acre parcel of land in the City of Calgary immediately west of the town of Chestermere ("Stoney View Lands").
33. The Monitor's SUF analysis is provided as Appendix "C". A high level summary of the Stoney View SUF is outlined below:

Combined Stoney View Capital and Stoney View Crossing Analysis
October 1, 2007 - August 24, 2012
(\$Cdn, Unaudited)

Cash Inflows

Capital raised	\$ 31,616,388
Intercompany advances	499
Miscellaneous Income	13,294
	<u>\$ 31,630,181</u>

Cash Outflows

Purchase of Land	\$ 23,731,684
Intercompany Advances	3,660,000
Development costs	91,940
Operating and administration costs	4,067,923
	<u>\$ 31,551,547</u>

Net Cash Inflows/(Outflows)	<u><u>\$ 78,634</u></u>
------------------------------------	-------------------------

Overview

34. Based on the SUF analysis, the Monitor expected approximately \$2.9 million more in Stoney View's bank account compared to actual ending balance. The variance is primarily relates to approximate \$3.7 million that was paid to related parties, including 1379599 Alberta Ltd. ("137") and 125, partially offset by lower than expected management fees of approximately \$825,000.
35. 137 is a company owned 50% by Ron Aitkens. The \$3.56 million removed from Stoney View and used in 137.

Receipts and Disbursements

36. Net funds received by Stoney View from investors after administrative and commissions total approximately \$31.6 million.
37. The Stoney View Lands were purchased from 137 for \$23.7 million. As disclosed in the OM, 137 purchased these lands for \$15.25 million.

38. To determine what recoveries, if any, can be made from 137 and 125 in relation to the \$3.56 million and \$100,000, respectively borrowed from Stoney View, the Monitor will need to determine the universe of creditors within these entities. The assets of the 137 and 125 need to be fully ascertained, net of secured creditor claims, to allow for 137 and 125 to potentially and develop a realization plan for those assets in order to distribute any funds to creditors. At this point, it is not known when or if any recovery of these funds will be made.
39. Management fees paid to affiliated entities were less than expected by approximately \$825,000. Expected management fees are calculated as 1% per year of total capital raised under the OM, to a maximum of \$200,000 per year. The Monitor reviewed the Stoney View Management Agreement and confirmed that in addition to the 1% fee, Stoney View was to reimburse costs incurred for services provided by management.
40. Issuance expenses paid to KMC were approximately \$41,000 less than expected under the OM.
41. Administration expenses of approximately \$26,000 were not paid to Eyelogic as expected under the OM.
42. During the time the Stoney View OM was being marketed, approximately \$50,000 was spent by the affiliated entities on Stoney View marketing costs.

ROCKY VIEW, SPRUCE RIDGE AND STONEY VIEW PLANS OF ARRANGEMENT

Overview

43. The Rocky View, Spruce Ridge and Stoney View Plans are separate and distinct Plans which provide for an arrangement and compromise of their respective debts. Given that the Plans are similar in construct, timing and affect, the Monitor has provided a joint analysis of all three Plans to avoid duplication of commentary in this Second Report.

44. The purpose of the Rocky View Plan is to restructure Rocky View Capital's debt and allow it time and financing to enable it to hold the Rocky View Lands (as defined in the Rocky View Plan) and advance their development over a period of up to five years following the implementation of the Rocky View Plan, with a view to maximizing creditors' recovery from the anticipated appreciation in value of the Rocky View Lands.
45. The purpose of the Spruce Ridge Plan is to restructure Spruce Ridge Capital's debt and allow it time and financing to enable it to hold the Spruce Ridge Lands (as defined in the Spruce Ridge Plan) and advance their development over a period of up to five years following the implementation of the Spruce Ridge Plan, with a view to maximizing creditors' recovery from the anticipated appreciation in value of the Spruce Ridge Lands.
46. The purpose of the Stoney View Plan is to restructure Stoney View Capital's debt and allow it time and financing to enable it to hold the Stoney View Lands (as defined in the Stoney View Plan) and advance their development over a period of up to five years following the implementation of the Stoney View Plan, with a view to maximizing creditors' recovery from the anticipated appreciation in value of the Stoney View Lands.
47. There will also be a reorganization of each of the corporate structures of Rocky View, Spruce Ridge and Stoney View such that the creditors ("Creditors") will become the only shareholders and will be entitled to exercise the normal rights of shareholders in electing directors of Rocky View, Spruce Ridge and Stoney View and to vote on matters of corporate significance.
48. The Monitor understands that under the Plans the following would take effect:
 - a) The Creditors will be the only shareholders of the restructured Rocky View, Spruce Ridge and Stoney View entities;
 - b) Rocky View, Spruce Ridge and Stoney View will each have a board of Interim Directors installed on plan implementation;

- c) On plan implementation the Creditors will be issued new bonds (“New Bonds”) (non interest bearing with a maturity of December 31, 2017) and new shares (“New Shares”) of Rocky View, Spruce Ridge or Stoney View;
- d) The total value of the New Bonds and New Shares will total the value of the Proven Claims (defined below);
- e) A trust indenture will be established to govern the collective rights of the bondholders;
- f) The Monitor has been advised by Counsel to Rocky View, Spruce Ridge and Stoney View that it is expected that the New Bonds and New Shares will be RRSP eligible although the Monitor has not undertaken independent review in this regard;
- g) Management services, including accounting, investor relations and control of funds, will be provided by Harvest CCAA Operations (an entity independent from the Harvest Group and operated by the CRO) on an interim, sixty day basis after plan implementation to allow time for the Interim Directors to select a new manager/management firm (“New Management”); and
- h) Recognition of any gains or losses for tax purposes will be deferred, to the extent legally possible, until the sale of the land.

Claims of Creditors

- 49. The Plans effect a compromise and arrangement of claims of the creditors of Rocky View, Spruce Ridge and Stoney View (“Claims”). Claims as defined in the Plans include creditors with Proven Claims and Disputed Claims (both as defined and described below) and exclude Unaffected Claims (as defined below).
- 50. Proven claims (“Proven Claims”) comprise claims finally determined or accepted for voting purposes in accordance with the Claims Process Order. Proven Claims include the claims of bondholders.

51. Disputed claims (“Disputed Claims”) comprise claims that are not allowed or otherwise settled in accordance with the Claims Process Order. The Disputed Claims include all claims advanced by Mr. Ron Aitkens or entities related to Mr. Aitkens. There are no other Disputed Claims.

Claims Process Update

52. A miscalculation occurred during the calculation of accrued interest for the Stoney View Claims. The miscalculations resulted in each bondholder claim to be overstated by approximately \$100 each.
53. Of the 1395 Stoney View bondholders affected by the above miscalculations zero proofs of claim were filed in this regard. The Monitor notes that a number of bondholders did call the Monitor’s office and were advised that an updated claims listing was published on the Monitor’s website.
54. The Monitor proposes that all of Stoney View bondholder claims affected by the miscalculation be allowed to be adjusted for the correct amount. These claims are referred to as the “Adjusted Stoney View Claims”, a schedule of which are attached as Appendix D.
55. As a result of the Monitor’s continuous work on the sources and uses of fund of the various related entities, the Monitor has identified further claims against the Companies (the “Late Claims”).
56. Below is a breakdown of the Proven Claims (after taking into account the Adjusted Stoney View Claims and the Late Claims) which will be considered the Proven Claims eligible to vote at the Creditor’s Meetings.

	Rocky View	Spruce Ridge	Stoney View
Bondholder Claims	\$ 24,269,858	\$ 61,861,784	\$ 37,664,279
Third Party Claims	88,366	829,350	126,089
Late Claims	18,000	250,000	-
Disputed Claims	unknown	unknown	unknown
	<u>\$ 24,376,224</u>	<u>\$ 62,941,134</u>	<u>\$ 37,790,368</u>

57. Creditors should review the listing of Proven Claims on the Monitor's website, and if any changes are required to the mailing addresses the Creditors should notify the Monitor immediately.

Unaffected Claims

58. Unaffected claims include:

- a) Amounts secured by the Administration Charge, the Directors' Charge and the DIP Charge;
- b) Post Filing Claims (i.e. claims that arose after the Initial Order);
- c) Certain Claims of the Crown (as described in the Plans);
- d) Claims relating to municipal real property taxes and public utilities;
- e) Claims in respect of and licenses, franchises, consents, approvals, variances, exemptions, and other authorization issued by or from and Government Authority; and
- f) That portion of a Claims arising from a cause of action for which Rocky View, Spruce Ridge or Stoney View are covered by insurance, but only to the extent of such insurance coverage.

Classes

59. The Plans contemplates a single class of Creditors.

The Proposed Creditors' Meeting Order

60. Rocky View, Spruce Ridge and Stoney View are seeking Court approval of a proposed Creditors' Meeting Order (the "CMO"). The CMO proposes, *inter alia*:

- a) The Creditors' Meetings shall be held on Monday, January 28, 2013 at the Radisson Hotel Calgary Airport, 2120 – 16th Avenue N.E., Calgary,

Alberta, at 9:00 a.m. (Calgary time) for Rocky View, 11:00 a.m. (Calgary time) for Spruce Ridge and at 2:00 p.m. (Calgary time) for Stoney View;

- b) The Monitor shall act as the Chair of the Creditors' Meetings, and shall decide all matters relating to the conduct of the Creditors' Meetings;
- c) The Monitor shall send, by January 4, 2013, to all Creditors who are eligible to vote at the Meetings the following documents, including: (a) the Plan; (b) Notice of Meeting (c) a Proxy; (d) a copy of the Monitor's Report on the Plan; (e) a copy of the Creditor's Meeting Order; (f) the Information Circular; and (g) a copy of the Director's Solicitation Process (collectively, the "Meeting Materials"); and
- d) In the event the Plans are approved by the Required Majority of the Creditors, Rocky View, Spruce Ridge and Stoney View may bring motions to this Court seeking an order sanctioning their Plan (the "Final Sanction Order").

Distributions under the Plans

- 61. The Plans contemplates that the Unaffected Creditors will be paid out of the Debtor-in-Possession Financing ("DIP Financing"). The DIP Financing outstanding at the date of plan implementation will convert to a first mortgage on the respective lands (the "Exit Financing").
- 62. The New Bonds and New Shares will be issued as soon as reasonably practicable after plan implementation.
- 63. A statement of holding for the New Bonds and New Shares will be mailed to the Creditors at their last known address, and for RRSP investors the address of the trustee for the registered plan (i.e. Olympia). Unclaimed distributions will be discharged and forever barred if unclaimed for six months after plan implementation.

Voting

64. The only persons entitled to vote on the Plans are Creditors with a Proven Claims. Disputed Claims will become Proven Claims to the extent they are proven or allowed before the Creditors' Meetings.
65. Creditors with Disputed Claims as at that date are able to vote only the portion of the Claim that has been accepted for voting purposes. Creditors with Disputed Claims shall have their voting intentions with respect to the disputed amounts recorded by the Monitor and reported to the Court.
66. Each Creditor having a Proven Claim shall be entitled to attend and vote at the Creditors' Meetings. For the purposes of calculating the majority component of the Required Majority (as defined in the Plans), each Creditor who actually votes (in person or by proxy) shall be entitled to one vote. For purposes of calculating the value component of the Required Majority, each Creditor who is entitled to vote shall be entitled to one vote at the Creditors' Meetings for each \$1.00 of such Creditors' Proven Claim as determined in accordance with the Claims Process Order.

Conditions Precedent to Implementation of the Plans

67. The implementation of the Plans is subject to the following conditions precedent:
 - a) The Exit Financing agreement shall be executed and registered;
 - b) The Plans shall be approved by the Required Majority of Creditors (being 50% plus one in number voting and 66 2/3 in value voting);
 - c) The Final Sanction Order shall have been granted by this Honourable Court;
 - d) All applicable governmental, regulatory and judicial consents, orders and any and all filings with all governmental authorities and other regulatory authorities having jurisdiction, in each case to the effect deemed necessary

or desirable by Rocky View, Spruce Ridge and Stoney View shall have been obtained; and

- e) The Exit Financing along with the statement of holdings for the New Bonds and the New Shares attributable to each Creditor with a Proven Claim shall have been deposited with the Monitor and redistributed accordingly.

Plan Implementation

- 68. Based on the timing of the Creditors' Meetings, the Monitor expects that the Plans will be implemented in February 2013, with the distribution of the new securities shortly thereafter.

MONITOR'S ANALYSIS OF THE PLANS

Overview

- 69. Rocky View, Spruce Ridge and Stoney View's CRO has indicated that there are no other viable options available to restructure other than that proposed in the Plans and that the only other alternative would be a formal liquidation either under the *Bankruptcy and Insolvency Act* or through a judicial sale of the lands. The Monitor is also of the view that there are no other viable restructuring options under the circumstances.
- 70. In the CRO's view, a liquidation scenario would greatly reduce and adversely affect any anticipated recovery for the Creditors.
- 71. A condition of the Plans is that Creditors must approve the Plans by a majority in number and two-thirds in value of the creditors present either by proxy or by person, and the Plans must be accepted and approved by the Court. If the Plans are not accepted by the Creditors, the likely result would be liquidation.

Creditor Analysis

Rocky View Plan

72. The table below summarizes the range of recoveries estimated under the Rocky View Plan and the recoveries under a liquidation scenario:

Rocky View Capital Corp. & Rocky View Estates Corp.					
Liquidation Analysis					
	Notes	Plan		Liquidation	
		High	Low	High	Low

Net Proceeds		6,000,000	5,250,000	5,250,000	4,500,000
Total Distributable Funds	b	6,000,000	5,250,000	5,516,451	4,728,386
Secured Charges					
1st Mortgage repayment	c	800,000	800,000	-	-
DIP Financing repayment	d	-	-	500,000	500,000
Administration Charge	e	-	-	125,000	125,000
Selling Costs	f	205,000	182,500	182,500	160,000
Total Secured Charges		1,005,000	982,500	807,500	785,000
Available to Creditors		4,995,000	4,267,500	4,708,951	3,943,386
Claims					
Proven Claims		24,376,224	24,376,224	24,376,224	24,376,224
Total Claims		24,376,224	24,376,224	24,376,224	24,376,224
Recovery		20%	18%	19%	16%
Mid point		19%		18%	

73. The notes and assumptions to the estimated recoveries under the Rocky View Plan and liquidation scenario are summarized below:

- a) Land proceeds under the liquidation scenario are based on the values in the current appraisals and under the Rocky View Plan are based on estimates, provided by Rocky View's real estate consultant, of the projected land values after the proposed holding period. No independent appraisals of the Plan values are available;

- b) Total distributable funds takes into account the time value of money under the liquidation scenario, assuming a 2% return and that it would take six months to sell the land;
- c) 1st Mortgage payout assumes all interest and fees have been paid under the current terms of the financing agreement;
- d) DIP Financing assumes all interest and fees have been paid under the current terms of the Exit Financing agreement;
- e) Administration Charge is the maximum approved by the court, but it is expected that total unpaid professional fees will be less than this amount; and
- f) Selling costs are assumed at 3% of selling costs plus \$25,000 for brochure and marketing documents.

74. The Monitor's above analysis of the recoveries to the Creditors indicates that under the Rocky View Plan, Creditors could receive between 18% and 21% of their respective claims. Under the liquidation scenario, the estimated recoveries would be reduced to 16% and 19%. The variance between the Rocky View Plan recoveries and the liquidation scenario relates to the potential for increased land values over the holding period. Under the Plan scenario actual recoveries may vary materially from the foregoing if land values do not increase as anticipated by the Companies' management and consultants.
75. Even if the Rocky View Lands are likely sold soon after implementation of the Rocky View Plan, the Monitor considers the Rocky View Plan to be superior to liquidation under the CCAA or other formal insolvency proceeding as under the Rocky View Plan the Rocky View Lands would be sold under an ordinary course land sale environment rather than under a court supervised liquidation process.
76. The Monitor notes that the liquidation analysis above for Rocky View does not encompass the dilutive effect of any Disputed Claims and Late Claims becoming

Proven Claims as the Monitor is unable to assess the likelihood of the Disputed Claims becoming proven Claims at this time.

77. The Monitor recommends the approval of the Rocky View Plan.

Spruce Ridge Plan

78. The table below summarizes the range of recoveries estimated under the Spruce Ridge Plan and the recoveries under a liquidation scenario:

Spruce Ridge Capital Inc. & Spruce Ridge Estates Inc.					
Liquidation Analysis					
	Notes	Plan		Liquidation

Claims					
Proven Claims		62,941,134	62,941,134	62,941,134	62,941,134
Total Claims		62,941,134	62,941,134	62,941,134	62,941,134
Recovery		25%	18%	18%	14%
Mid point		21%		16%	

79. The notes and assumptions to the estimated recoveries under the Spruce Ridge Plan and liquidation scenario are summarized below:

- a) Land proceeds under the liquidation scenario are based on the values in the current appraisals and under the Spruce Ridge Plan are based on estimates, provided by Spruce Ridge's real estate consultant, of the projected land

values after the proposed holding period. No independent appraisals of the Plan values are available;

- b) Until a fulsome claims process and realization strategy is in place for 125, it is unknown at this point what the realization would be on the 125 inter-company loan;
- c) Total distributable funds takes into account the time value of money under the liquidation scenario, assuming a 2% return and that it would take six months to sell the land;
- d) 1st Mortgage payout assumes all interest and fees have been paid under the current terms of the financing agreement;
- e) DIP Financing assumes all interest and fees have been paid under the current terms of the Exit Financing agreement;
- f) Administration Charge is the maximum approved by the court, but it is expected that total unpaid professional fees will be less than this amount; and
- g) Selling costs are assumed at 3% of selling costs plus \$25,000 for brochure and marketing documents.

80. The Monitor's above analysis of the recoveries to the Creditors indicates that under the Spruce Ridge Plan, Creditors could receive between 18% and 25% of their respective claims. Under the liquidation scenario, the estimated recoveries would be reduced to 14% and 19%. The variance between the Spruce Ridge Plan recoveries and the liquidation scenario relates to the potential for increased land values over the holding period. Under the Plan scenario actual recoveries may vary materially from the foregoing if land values do not increase as anticipated by the Companies' management and consultants.

81. The recoveries under the Spruce Ridge Plan assume that the assets will be held for the entire five years of the New Bonds. If at any point during those five years it becomes

advantageous to sell some or all of the assets, in order to reduce interest and other carrying costs, it can be accomplished under the new corporate structure. If all or substantially all of the properties are sold, then shareholder approval is required.

82. The Monitor notes that the liquidation analysis above for Spruce Ridge does not encompass the dilutive effect of any Disputed Claims and Late Claims becoming Proven Claims as the Monitor is unable to assess the likelihood of the Disputed Claims becoming proven Claims at this time.

83. The Monitor recommends the approval of the Spruce Ridge Plan.

Stoney View Plan

84. The table below summarizes the range of recoveries estimated under the Stoney View Plan and the recoveries under a liquidation scenario:

Stoney View Capital Inc. & Stoney View Crossing Inc.

Recovery		82%	52%	56%	52%
Mid point		67%		54%	

85. The notes and assumptions to the estimated recoveries under the Stoney View Plan and liquidation scenario are summarized below:

- a) Land proceeds under the liquidation scenario are based on the values in the current appraisals and under the Stoney View Plan are based on estimates, provided by Stoney View's real estate consultant, of the projected land values after the proposed holding period. No independent appraisals of the Plan values are available;
- b) Until a fulsome claims process and realization strategy are in place for all related parties, it is unknown at this point what the realization would be on the inter-company loans;
- c) Total distributable funds takes into account the time value of money under the liquidation scenario, assuming a 2% return and that it would take six months to sell the land;
- d) 1st Mortgage payout assumes all interest and fees have been paid under the current terms of the financing agreement;
- e) DIP Financing assumes all interest and fees have been paid under the current terms of the Exit Financing agreement;
- f) Administration Charge is the maximum approved by the court, but it is expected that total unpaid professional fees will be less than this amount; and
- g) Selling costs are assumed at 3% of selling costs plus \$25,000 for brochure and marketing documents.

86. The Monitor's above analysis of the recoveries to the Creditors indicates that under the Stoney View Plan, Creditors could receive between 52% and 82% of their respective claims. Under the liquidation scenario, the estimated recoveries would be reduced to 52% and 56%. The variance between the Stoney View Plan recoveries and the liquidation scenario relates to the potential for increased land values over the holding

period. Under the Plan scenario actual recoveries may vary materially from the foregoing if land values do not increase as anticipated by the Companies' management and consultants.

87. The recoveries under the Stoney View Plan assume that the assets will be held for the entire five years of the New Bonds. If at any point during those five years it becomes advantageous to sell some or all of the assets, in order to reduce interest and other carrying costs, it can be accomplished under the new corporate structure. If all or substantially all of the properties are sold, then shareholder approval is required.
88. The Monitor notes that the liquidation analysis above for Stoney View does not encompass the dilutive effect of any Disputed Claims becoming Proven Claims as the Monitor is unable to assess the likelihood of the Disputed Claims becoming proven Claims at this time.
89. The Monitor recommends the approval of the Stoney View Plan.

Conclusion

90. The Monitor considers the Plans to be fair and reasonable as the Creditors are projected to receive a greater recovery than under the alternative (i.e. formal liquidation). The mid-point recovery under the Rocky View Plan is 19% compared to the mid-point under liquidation of 18%. The mid-point recovery under the Spruce Ridge Plan is 21% compared to the mid-point under liquidation of 16%. The mid-point recovery under the Stoney View Plan is 67% compared to the mid-point under liquidation of 54%.
91. The Monitor believes it is reasonable for the Creditors to form one class under each Plan.
92. The feedback and input the Monitor has received from investors supports avoiding a liquidation.

DIRECTORS SOLICITATION PROCESS

93. The Monitor has prepared a Directors Solicitation Process in which a slate of interim directors (“Interim Directors”) will be appointed for each of Rocky View, Spruce Ridge and Stoney View at the time the Plans are implemented. A copy of the Directors Solicitation Process is attached as Exhibit G to the Affidavit of Gary Bentham, sworn December 16, 2012.
94. The Directors’ Solicitation Process calls for nominations (“Nominees”) to be put forth to the Monitor by no later than January 21, 2013.
95. Any individual, who is qualified at law to serve as a director, including any Creditor, can request that his or her name be put forth as a Nominee. An individual wishing to be a Nominee should submit a request to the Monitor that he or she be a Nominee, along with any information relevant to the individual’s proposed appointment as a Nominee, by no later than January 21, 2013.
96. All Nominee requests should be submitted by registered mail, facsimile or email to the following address:
- Ernst & Young Inc.
Attention: Jessica Caden
1000, 440 2nd Ave SW
Calgary, AB T2P 5E9
Email: jessica.caden@ca.ey.com
Facsimile: 403-206-5075
97. Based on the nominations received, the Monitor, with input from Rocky View, Spruce Ridge and Stoney View and the CRO, will determine a slate of up to five of the Nominees as the proposed Interim Directors for each of Rocky View, Spruce Ridge and Stoney View.
98. The Monitor will consider the following when choosing the slate of Nominees;
- a) The amount of the individual’s investment in Rocky View, Spruce Ridge or Stoney View in the event that the Plans are implemented in accordance with their terms;

- b) Any previous experience that the individual has in serving as a director or officer of a publicly traded company;
 - c) Any previous experience that the individual has in the development of real-estate projects;
 - d) Any relevant input received by Rocky View, Spruce Ridge, Stoney View or the CRO from Creditors in respect of the individual wishing to be a Nominee; and
 - e) Any other factor that Rocky View, Spruce Ridge, Stoney View or the CRO consider relevant to whether an individual should be a Nominee.
99. Individuals who have previously worked as a director, officer, employee, consultant, agent (including sales agents and agents who sold securities of the Harvest Group of Companies or Foundation Group of Companies), contractor, or advisor to any entity related or affiliated with the Harvest Group of Companies or Foundation Group of Companies or any relation thereof will not be eligible to be an Interim Director.
100. After selecting the slate of Interim Directors, the Monitor will inform the Creditors of the individuals selected as Interim Directors for each of Rocky View, Spruce Ridge and Stoney View at the Creditors' Meeting. Also, the Monitor will post the names of those selected as Interim Directors on its website on or before January 25, 2013.
101. Upon implementation of the Plans, the Interim Directors would be appointed.

LIBERTY CROSSING UPDATE

102. Since September 19, 2012 the CRO has brought all of the accounting records up to date, and in doing so confirmed property tax arrears of about \$150,000 and amounts owing to Canada Revenue Agency ("CRA") for net GST collected and not remitted in excess of \$115,000.

103. First Calgary Financial ("First Calgary"), the first mortgage lender, released \$150,000 of funds that it holding in accordance with the Mortgage Agreement in order for the property tax arrears to be paid.
104. Liberty Crossing is generating sufficient cash flow from operations to pay all operating expenses and service the first mortgage debt. It is not generating sufficient cash flow to satisfy the GST liability and fund CCAA professional and operating costs.
105. The status of approximately \$2.7 million of claims by related companies remains unresolved. The CRO and the Monitor are working to resolve those claims. These claims will be made under the Liberty Crossing Claims Process and be considered Late Claims.

125. Liberty Crossing will need to rely on the Administration Charge for an estimated \$110,000 in order to have sufficient cash during the Liberty Crossing Forecast Period.

126. The Monitor has reviewed the assumptions supporting the Liberty Crossing Forecast and believes the assumptions to be reasonable.
127. The table below summarizes the cash flows for Rocky View, Spruce Ridge and Stoney View for the Forecast Period:

ENDING CASH	\$ 150,448	\$ 62,953	\$ 26,735

128. As summarized above, Rocky View is projecting no cash receipts and cash disbursements of approximately \$315,000, resulting in a net decrease in cash of approximately \$315,000 during the Forecast Period.
129. As summarized above, Spruce Ridge is projecting a DIP financing need of approximately \$500,000, less fees and interest of approximately \$45,000, against cash disbursements of approximately \$399,000, resulting in a net increase in cash of approximately \$56,000 during the Forecast Period.
130. As summarized above, Stoney View is projecting cash receipts of approximately \$11,000 for repayment of common costs, against cash disbursements of approximately

\$381,000, resulting in a net decrease in cash of approximately \$370,000 during the Forecast Period.

131. The Monitor has reviewed the assumptions supporting the Forecasts and believes the assumptions to be reasonable.

THE COMPANIES' REQUEST FOR AN EXTENSION OF THE STAY PERIOD

132. Pursuant to the Initial Order of this Honourable Court dated September 20, 2012 the Stay Period expires on December 19, 2012 for the Companies.
133. Rocky View, Spruce Ridge and Stoney View are seeking an extension of the Stay Period up to and including February 8, 2013 (the "Rocky View, Spruce Ridge and Stoney View Stay Extension").
134. The Rocky View, Spruce Ridge and Stoney View Stay Extension is necessary to allow Rocky View, Spruce Ridge and Stoney View, upon approval by this Honourable Court, to hold the Creditor's Meetings and vote on the Plans.
135. Liberty Crossing is seeking an extension of the Stay Period up to and including April 30, 2013 (the "Liberty Crossing Stay Extension").
136. The Liberty Crossing Stay Extension is necessary to allow Liberty Crossing to resolve related party loans, negotiate repayment terms with the CRA regarding GST, continue negotiations with First Calgary to release the remaining reserve, develop a restructuring plan to maximize recoveries for all stakeholders.
137. In the Monitor's view, the Companies are acting in good faith and with due diligence.

Have not seen a separate invoice to determine if the \$53k was reimbursement of marketing expense paid by FCC or a misclassification of management fees.

(changed name to Exempt Experts Inc. in 2012) whereby KMC arranged the participation of Eyelogic as the controlling shareholder of SVC. The agreement was for a minimum period of two years, renewable upon the mutual agreement between KMC and SVC. KMC was to be paid an annual fee as follows:
