Based on the material filed and the submissions of counsel, I am satisfied that the order requested should issue. Section 11 of the CCAA provides for a broad discretion to make "any order". In the circumstances here, it is appropriate and efficient to authorize the Monitor to make an assignment in re bankruptcy on behalf of 2500053 Ontario Inc. Further, all stakeholders agree. The 2nd report together with fees of both the Monitor and its counsel are approved.

Order signed by me.

R. Battello, J.
