RESPONDENT

SUPPLEMENT TO THE FIRST REPORT OF THE RECEIVER – 16 MAY 2017

INTRODUCTION AND BACKGROUND

1. This supplement (the “**Supplemental Report**”) to the first report of the Receiver dated 12 May 2017 (the “**First Report**”) should be read together with the First Report filed with this Honourable Court in connection with the Receiver’s motion scheduled for 17 May 2017. The purpose of the Supplemental Report is to provide information on additional non-arms-length transactions which the Receiver has identified through its investigations.

TERMS OF REFERENCE

2. In preparing the Supplemental Report, the Receiver has been provided with, and has relied upon unaudited historical financial statements, other unaudited financial information and projections prepared by the Respondent, the books and records of the Respondent, discussions with the management and employees of the Respondent, and other information from various sources. The Receiver has assumed that the information it has been provided is accurate and complete. The Receiver did not audit, review or otherwise attempt to verify the accuracy or completeness of the

information. Accordingly, the Receiver expresses no opinion or other form of assurance with respect to the information presented in the Supplemental Report or relied upon by the Receiver in preparing the Supplemental Report. Further, the nature of the Receiver's work completed in these proceedings will not necessarily disclose errors, misstatements, irregularities or illegal acts, if such exist, on the part of the Respondents, or its officers or employees or in the information.

3. All references to monetary amounts in the Supplemental Report are in Canadian dollars unless otherwise noted.
4. Capitalized terms not defined in the Supplemental Report are as defined in the Receivership Order and the First Report of the Receiver.
5. Copies of court materials in these proceedings may be obtained from the Receiver's website established in connection with the Respondent (www.ey.com/ca/shff).

FOXES

6. On 29 March 2017, the Receiver attended the Premises and identified an inventory of live fox located on the Premises and on L. Gavin's property adjacent to the Premises. C. Gavin and L. Gavin advised that there were approximately 400 live fox on site but requested the Receiver not approach the fox as it was their breeding season. The Receiver complied with the request. As a result a physical count of the fox inventory was not performed.
7. Attached as **Appendix A** are the 31 March 2016 externally reviewed Silver Hill Fur Farm Ltd. ("SHFF") financial statements (the "**2016 Statements**"). Note 6 of the 2016 Statements reports fox inventory (the "**Fox Inventory**") with net book value of \$94,560. C. Gavin advised the Receiver that the Fox Inventory was sold to L. Gavin subsequent to 31 March 2016. On several occasions the Receiver requested supporting documentation for this non-arms-length transaction be provided including our most recent correspondence to C. Gavin and L. Gavin dated 10 May 2017, a copy of which is attached as **Appendix B**. As of the date of this Supplemental Report no information with respect to the Fox Inventory sale has been provided.
8. On 3 May 2017, representatives from ALC advised the Receiver that approximately 400 fox pelts (the "**Fox Pelts**") provided by L. Gavin were sold by Fur Harvesters Inc. ("FHI") at their March 2017 auction. The Receiver has requested additional information from FHI in relation to the Fox Pelt auction proceeds however, a formal response to our inquiries has not been received.
9. The Receiver has not been able to determine the date of the non-arms-length sale of the Fox Inventory, the consideration provided to SHFF in relation to the Fox Inventory sale, whether the Fox Pelts arose pre or post the Fox Inventory sale and whether consideration for the Fox Pelts, if

applicable, was provided to SHFF. The Receiver estimates the value of the Fox Pelts to be between \$20,000 and \$40,000.

HORSES

10. Note 6 of the 2016 Statements also reports horse inventory (the "**Horse Inventory**") with net book value of \$nil as at 31 March 2016 and \$120,115 as at 31 March 2015. C. Gavin advised the Receiver that the Horse Inventory was sold to L. Gavin at some point between 1 April 2015 and 31 March 2016. The Receiver has requested supporting documentation with respect to this non-arms-length transaction, however no support has been presented.
11. A search of the Standard Bred Canada online horse registry (the "**Registry**") identified four horses named "Silverhill Shadow", "Proven Lover", "Silverhill Cupid", and "Silverhill Spike" (collectively, the "**Transferred Horses**") who's registered ownership was transferred to L. Gavin on 6 February 2017. A copy of the applicable Registry details is attached as **Appendix C**. SHFF is listed as the former owner of each horse, with the exception of Proven Lover where no former owner was identified by the Registry.
12. The Receiver has not been able to determine the date of the non-arms-length sale of the Horse Inventory or the consideration provided to SHFF in relation to the sale. The Receiver estimates the value of the Horse Inventory to be between \$24,000 and \$55,000.

LIFT CAPITAL - EQUIPMENT

13. As described in the First Report, the Receiver and C. Gavin reviewed the Equipment List and discussed the location of certain items included therein. The Receiver and an equipment appraiser engaged by the Receiver toured the Premises with the assistance of C. Gavin and L. Gavin to identify and inspect the equipment on site including three pieces of equipment subject to security granted by SHFF in favour of Lift Capital Corporation ("**Lift Capital**") as referenced below.

Serial Number	Description	Defined Term
31461	2012 TOYOTA 8FDU25 Forklift	"Item 1"
60809	2015 TOYOTA 8FDU25 Forklift	"Item 2"
31112	2012 TOYOTA 8FDU25 Forklift	"Item 3"

14. The Receiver located Items 1 and 2, however C. Gavin advised the Receiver that Item 3 was scrapped and was no longer located on the Premises.
15. The Receiver advised Lift Capital of C. Gavin's advice with respect to Item 3. Lift Capital confirmed that on 22 February 2017 (the "**Inspection Date**"), a representative of Lift Capital attended the Premises and performed certain maintenance on Item 3 at a cost to SHFF of \$428.13. Attached as

Appendix D is the Lift Capital maintenance invoice. Lift Capital advised the Receiver that Item 3 was in good repair other than the potential requirement to replace the seat. At the Inspection Date Item 3 had 6,960 hours registered against an estimated useful life of 12,000 hours.

16. Lift Capital filed a proof of claim with the Trustee in Bankruptcy asserting a secured claim of \$63,698.05 of which \$5,927.65 related to Item 3. Lift Capital has advised the Receiver that it estimates Item 3 would have a fair market value between \$6,000 and \$12,000. The current location of Item 3 has not been identified by the Receiver or Lift Capital.

All of which is respectfully submitted this 16th day of May 2017.

To the Shareholder of
Silver Hill Fur Farm Ltd.

We have reviewed the balance sheet of Silver Hill Fur Farm Ltd. as at March 31, 2016 and the statements of loss and deficit and cash flows for the year then ended. Our review was made in accordance with Canadian generally accepted standards for review engagements and, accordingly, consisted primarily of inquiry, analytical procedures and discussion related to information supplied to us by the company, except as explained below.

A review does not constitute an audit and, consequently, we do not express an audit opinion on these financial statements.

As a result of recent events, we were unable to obtain sufficient and appropriate evidence to support the amounts recognized for items including, but not limited to, the livestock inventory, property and equipment, investments, and investment tax credits. As a result, we are unable to complete our review. Had we been able to complete our review, we may have determined adjustments to be these financial statements.

Because of our inability to complete a review, as described in the preceding paragraph, we are unable to express any assurance as to whether these financial statements are, in all material respects, in accordance with Canadian accounting standards for private enterprises.

Silver Hill Fur Farm Ltd.

Notes to the Financial Statements

(Unaudited)
March 31, 2016

1. Nature of operations

Silver Hill Fur Farm Ltd. operates out of Tignish and O'Leary, Prince Edward Island. The Company is primarily engaged in mink fur farming.

Effective October 20, 2015, Silver Hill Fur Farm Ltd., Silverhill Transport Ltd., C. J. Gavin Holdings Inc., and Silver Hill Fur & Feeds Inc. amalgamated and continued operating under the name Silver Hill Fur Farm Ltd. Refer to Note 19 for additional details.

2. Going concern

These financial statements have been prepared on the basis of accounting principles applicable to a going concern, which contemplates that the Company will continue in operation for the foreseeable future and will realize its assets and settle its liabilities in the normal course of business.

A number of unfavourable conditions and events have left significant doubt as to the appropriateness of this assumption. The Company has negative working capital and the Company's lenders have indicated that it is in violation of its lending covenants and repayment requirements. The Company's ability to continue as a going concern is dependent upon the continuing availability of operating and long term financing, achieving a profitable level of operations and being able to meet future debt service requirements. Management is exploring options related to addressing both short term and long term financing.

As the outcome of management's actions is dependent on future events, there is no certainty that management will be able to successfully resolve these issues. Should the Company be unable to continue as a going concern, it may be unable to realize the carrying value of its assets and to meet its liabilities as they become due.

These financial statements do not reflect adjustments to the carrying values of assets and liabilities and the reported expenses and balance sheet classification that would be necessary were the going concern assumption inappropriate. These adjustments could be material.

3. Summary of significant accounting policies

The financial statements are prepared by management in accordance with Canadian accounting standards for private enterprises.

The significant accounting policies used are as follows:

Cash and cash equivalents

Cash and cash equivalents include cash on hand and balances with banks. Bank indebtedness is considered a financing activity.

Silver Hill Fur Farm Ltd.

Notes to the Financial Statements

(Unaudited)
March 31, 2016

3. Summary of significant accounting policies (continued)

Revenue recognition

Revenue generated from pelt sales, mink sales, fox sales and feed sales is recognized when persuasive evidence of an arrangement exists, the products have been delivered to the customer and there are no significant obligations remaining, the price is fixed or determinable, and collectability is reasonably assured.

Revenue generated from horse racing is recognized when the race has been completed and the winnings are received.

Revenue received from agricultural payments and investments is recognized when the amount is determinable.

Property and equipment

Property and equipment are initially measured at cost and, subsequently, measured at cost less accumulated amortization.

Property and equipment are amortized on the basis of their useful life using the following methods and rates:

Buildings	2.5%, 10%
Buildings	10% Declining balance
Equipment	10%, 20% Declining balance
Vehicles	30% Declining balance
Land improvements	4% Declining balance
Computer equipment	30% Declining balance
Fences	10% Declining balance

Inventory

Livestock inventory is valued at net realizable value as determined by management. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Pelt inventory is valued at the lower of cost and net realizable value as determined by management. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Feed inventory is valued at lower of cost and net realizable value. The cost of inventory comprises all costs of the purchase and other costs incurred in bringing the inventories to their present location and condition. Net realizable value is the estimated selling price in the ordinary course of business less any applicable variable selling costs.

3. Summary of significant accounting policies (continued)

Impairment of long-lived assets

The Company tests long-lived assets for impairment whenever events or changes in circumstances indicate that its carrying amount may not be recoverable. An impairment loss is recognized when the carrying amount of the asset exceeds the sum of the undiscounted cash flows resulting from its use and eventual disposition. The impairment loss is measured as the amount by which the carrying amount of the long-lived asset exceeds its fair value.

Investments

All investments are recorded at cost instead of fair market value as required by Canadian Accounting Standards for Private Enterprises as it has been determined that these investments are not publicly traded and the market value cannot be established.

AgrilInvest relates to two funds held on behalf of the Company in an AgrilInvest account at the Company's local financial institution. The first fund balance of \$15,000 (2015 - \$15,000) represents the Company's contributions and the second fund balance of \$15,082 (2015 - \$15,034) represents the government contributions and interest earned. This investment is accessible to the Company at any time. Revenue is recorded at the time the government's contribution is made and as interest is accrued. The revenue is taxed as the government contributions and interest are withdrawn from the account.

Government assistance

Government grants and investment tax credits relating to the acquisition of property and equipment are deducted from the cost of the related asset. Government grants related to non-capital expenditures are recorded as other income in the year that they are received.

During the year, investment tax credits of \$6,123 (2015 - \$195,966) were earned.

Transaction costs and financing fees

Transaction costs related to the origination, acquisition, issuance or assumption of financial assets and financial liabilities, subsequently measured at cost or amortized cost, are included as part of the adjusted fair value of the financial asset or financial liability on initial measurement. All other transaction costs are recognized in net income in the period incurred.

Unamortized financing fees are amortized into net income on a straight-line basis over the term of the related debt.

Silver Hill Fur Farm Ltd.

Notes to the Financial Statements

(Unaudited)
March 31, 2016

3. Summary of significant accounting policies (continued)

Leases

Leases are classified as either capital or operating leases. Leases that transfer substantially all of the benefits and inherent risks of ownership of property to the Company are accounted for as capital leases. At the time a capital lease is entered into, an asset is recorded together with its related long-term obligation to reflect the acquisition and financing. Equipment recorded under capital leases is amortized on the same basis as described above. Payments under operating leases are expensed as incurred.

The Company made payments under capital leases and operating leases during the year.

Income taxes

The Company has elected to account for income taxes using the taxes payable method. The taxes payable and provision for income taxes are based on the corporate income tax returns filed. There is no adjustment for income taxes related to temporary differences and no recognition of the benefit of income tax losses carried forward.

Foreign currency transactions

The Company translates all of its foreign currency transactions using the temporal method. Monetary assets and liabilities are translated at the exchange rate in effect at the balance sheet date. Other assets and liabilities are translated at the exchange rate in effect at the transaction date. Items appearing in the current year's statement of net income are translated at the average exchange rates for the period. Exchange gains and losses are included in the statement of income.

Use of estimates and judgments

Management reviews the carrying amounts of items in the financial statements at each balance sheet date to assess the need for revision or any possibility of impairment. Many items in the preparation of these financial statements require management's best estimate. Management determines these estimates based on assumptions that reflect the most probable set of economic conditions and planned courses of action. These estimates are reviewed periodically and adjustments are made to net income as appropriate in the year they become known. Actual results may differ from those estimates and the impact on the financial statements of future changes in those estimates could be material.

Items subject to significant management estimates include inventory valuation, allowance for doubtful accounts and useful lives of property and equipment and their related carrying value.

Financial instruments

The Company considers any contract creating a financial asset, liability or equity instrument as a financial instrument, except in certain limited circumstances. The Company accounts for the following as financial instruments:

- Cash and cash equivalents
- Accounts receivable
- Accounts payable
- Investments, at cost

Silver Hill Fur Farm Ltd.

Notes to the Financial Statements

(Unaudited)

3. Summary of significant accounting policies (continued)

Financial instruments (continued)

- Advances to shareholder
- Note receivable
- Bank indebtedness
- Auction house advances
- Note payable
- Long-term debt
- Advance program payment
- Due to related parties

A financial asset or liability is recognized when the Company becomes party to contractual provisions of the instrument.

Financial assets or liabilities obtained in arm's length transactions are initially measured at their fair value. In the case of a financial asset or liability not being subsequently measured at fair value, the initial fair value will be adjusted for financing fees and transaction costs that are directly attributable to its origination, acquisition, issuance or assumption.

Financial assets or liabilities obtained in related party transactions are measured in accordance with the accounting policy for related party transactions except for those transactions that are with a person or entity whose sole relationship with the Company is in the capacity of management in which case they are accounted for in accordance with financial instruments.

Financial assets and financial liabilities are subsequently measured according to the following methods:

Financial instrument	Subsequent measurement
Cash and cash equivalents	Amortized cost
Accounts receivable	Amortized cost
Accounts payable	Amortized cost
Investments, at cost	Amortized cost
Advances to shareholder	Amortized cost
Note receivable	Amortized cost
Bank indebtedness	Amortized cost
Long-term debt	Amortized cost
Auction house advances	Amortized cost
Note payable	Amortized cost
Advance payment program	Amortized cost
The Company removes financial liabilities, or a portion of, when the obligation is discharged, cancelled or expires.	

Financial assets measured at cost are tested for impairment when there are indicators of impairment. Previously recognized impairment losses are reversed to the extent of the improvement provided the asset is not carried at an amount, at the date of the reversal, greater than the amount that would have been the carrying amount had no impairment loss been recognized previously. The amounts of any write-downs or reversals are recognized in net income.

9. Auction house advances

Advances from auction houses bear interest at a prevailing rate as determined by the auction houses. The Company has pledged mink pelts as security and has signed an agreement to conduct all auction sales of these mink pelts throughout the 2016 auction season. Repayment requirements commence as the pelts are sold with the proceeds being directly applied to the advances plus any other costs incurred such as commissions, pelting, shipping, insurance and legal.

11. Advance payment program

The first \$100,000 of advances from the Prince Edward Island Federation of Agriculture (the "PEIFA") are initially non-interest bearing to the producer providing certain conditions are met. Repayment requirements commence as the operation's products are sold and the producer is required to submit proof of sales. Failure to render adequate information will result in the advance reverting back to an interest bearing transaction in which the applicant must reimburse the PEIFA for any interest related costs. To safe-guard their position, the PEIFA has held back a portion of the advance in the event that the producer is off-side with their repayment obligations. Advances in excess of \$100,000 attract interest at the rate of prime less 0.5%. The prime rate at March 31, 2016 was 2.7% (2015 - 2.85%). Interest amounts will be deducted from these funds.

Security for the debt with Scotiabank is as follows:

- general security agreement over all present and future personal property;
- security under Section 427 of the Bank act to cover all inventory;
- collateral mortgage providing first charge over PID# 1054402-000 and part of PID# 257-000, Seacow Pond, PE, in an amount not less than \$3,490,000;
- postponement agreement covering an amount of \$355,000 supported by respective promissory note(s);
- assignment of life insurance in the amount of \$2,000,000; and
- appropriate insurance coverage, loss if any, payable to the bank.

The Company is subject to various covenants and conditions on its long-term debt with Scotiabank, ACOA and Finance PEI. At the balance sheet date, the covenants and conditions were not met, consequently, the entire outstanding loan balances with these financial institutions were in default, as of the balance sheet date and as a result, all of the debts with these financial institutions have been shown as current liabilities.

Prime rate at March 31, 2016 was 2.7% (2015 - 2.85%).

During the year, 1,234 preferred shares were redeemed and cancelled for a nominal value by the Company. These shares originally had a redemption value of \$1,150 per share however the current value of these shares decreased given the recent changes in economic conditions described in Note 2.

16. Commitments

The Company's total future minimum lease payments under operating lease commitments over the next four years are as follows:

2017	\$ 60,470
2018	56,470
2019	33,419
2020	<u>14,934</u>
	<u>\$ 165,293</u>

17. Contingency

Effective October 22, 2015, a legal claim has been filed against the Company relating to the delivery of 7,700 bred female mink on April 17, 2014. The plaintiff, Stigshøj Aps, claims that they are owed \$2,238,095 plus interest of 7% for the delivery of the mink. However, it is management's opinion that the amount of the claim is not valid given there were notable issues with the mink received.

The Company has recorded a liability of \$2,560,436 (2015 - \$2,387,036), including interest, as of March 31, 2016 based on the claim filed. However, it is Management's intention to file a defense against this claim.

18. Subsequent event

As of August 10, 2016, the Company received notice that it was entitled to receive \$1,784,860 in funding from the AgriStability program relating to the 2016 fiscal year.

19. Amalgamation

The amalgamation described in Note 1 has been accounted for as a continuity of interest, and accordingly, assets, liabilities, retained earnings, share capital, and operating results from the predecessor companies have been combined in the amalgamated company as of April 1, 2015.

The following is a summary of the net assets brought into the amalgamation by each of the combining companies:

	<u>Total Assets</u>	<u>Total Liabilities</u>	<u>Share Capital</u>	<u>Retained Earnings</u>	<u>Total Liabilities and equity</u>
Silver Hill Fur Farm Ltd.	\$ 15,607,666	\$ 15,560,566	\$ 5,100	\$ 42,000	\$ 15,607,666

Silver Hill Fur & Feed Inc.	1,050,358	1,050,499	100	(241)	1,050,358
Amalgamation adjustments	<u>(1,304,779)</u>	<u>(1,695,524)</u>	<u>(100)</u>	<u>390,845</u>	<u>(1,304,779)</u>
Amalgamated	<u>\$ 16,202,364</u>	<u>\$ 16,161,143</u>	<u>\$ 5,250</u>	<u>\$ 35,971</u>	<u>\$ 16,202,364</u>

The above amalgamation adjustments relate to the elimination of intercompany balances and share capital between the companies. The increase of \$390,845 to opening retained earnings relates to the reversal of a intercompany loan receivable previously written down by Silver Hill Fur Farm Ltd.

20. Economic dependence

During fiscal 2015, the Company entered into a contract with Copenhagen Fur whereby the Company is obligated to sell a minimum number of mink pelts. Copenhagen provided advances to the Company based on this number of pelts sold. As a result, 100% of the sales from mink pelts from that crop year were to Copenhagen Fur during the year.

During fiscal 2016, the Company entered into a contract with American Legend Cooperative (ALC) whereby the Company is obligated to sell a minimum number of mink pelts. ALC provided advances to the Company based on the number of pelts to be sold. As a result, 100% of the sale from mink pelts from that crop will be to ALC.

21. Financial instruments

Transactions in financial instruments may result in an entity assuming or transferring to another party one or more of the financial risks described below. The required disclosures provide information that assists users of financial statements in assessing the extent of risk related to financial instruments.

(a) Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The Company's main credit risks relate to its accounts receivable and notes receivable. The entity provides credit to its clients in the normal course of its operations.

(b) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities. The Company is exposed to this risk mainly in respect of its long-term debt and accounts payable. For additional details regarding liquidity risk, see Notes 2, 16 and 19.

(c) Market risk

Market risk is the risk that the fair value or expected future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The Company is mainly exposed to currency risk and interest rate risk.

(i) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's currency exchange risk relates to sales and purchases made in U.S. dollars or Euros.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk on its fixed and floating interest rate financial instruments. Given the current composition of long-term debt, fixed-rate instruments subject the Company to a fair value risk while the floating-rate instruments subject it to a cash flow risk.

Dear Sirs,

In the Matter of the Court Appointed Receivership of Silver Hill Fur Farm Ltd.

Further to the voice mail and text messages sent from George Kinsman on 9 May 2017, Ernst & Young Inc., acting in its capacity as Court-appointed receiver (the **"Receiver"**) over all property, assets and undertakings of Silver Hill Fur Farm Ltd. (**"SHFF"**) requests information from you regarding certain assets held, or formerly held, by SHFF. The Receiver requests that each of you produce information pertaining to SHFF's fox inventory (the **"Fox Inventory"**) and SHFF's horse inventory (the **"Horse Inventory"**).

You are obligated to provide the Receiver with this information pursuant to the terms of the Receivership Order and the Cooperation Order (collectively, the **"Orders"**) issued by the Supreme Court of Prince Edward Island on 29 March 2017. The Orders can be found on the Receiver's website at www.ey.com/ca/shff.

Fox Inventory

The 31 March 2016 external SHFF financial statements reported Fox Inventory with net book value of approximately \$95,000. Casey Gavin advised the Receiver that the Fox Inventory was sold during the last fiscal year to Leigh Gavin. No supporting documentation with respect to this transaction has been provided despite the Receiver's request for same. Please provide transaction details associated with the non-arms-length sales including proof of financial consideration exchanged.

It has recently come to the Receiver's attention that an inventory of fox furs was auctioned by Fur Harvesters Auction Inc. during its March 2017 fur auction (the **"Auction"**). Please confirm and provide supporting documentation associated with the Auction sale proceeds.

Horse Inventory

The 31 March 2016 external SHFF financial statements reported Horse Inventory with net book value of \$nil as at 31 March 2016 but approximately \$120,000 as at 31 March 2015. Casey Gavin advised the Receiver that the Horse Inventory was sold to Leigh Gavin. No supporting documentation with respect to this non-arms-length transaction has been

provided despite the Receiver's request for same. Please provide transaction details associated with the sale including proof of financial consideration exchanged.

The Receiver has reviewed ownership registration details through the Standard Bred Canada on line registry indicating that the registered owner of the following horses was recently transferred:

HORSE NAME	FORMER OWNER	NEW OWNER	DATE OF TRANSFER
Silverhill Shadow	Silver Hill (Casey Gavin)	Leigh Gavin	6 February 2017
Proven Lover	Unknown	Leigh Gavin	6 February 2017
Silverhill Cupid	Silver Hill (Casey Gavin)	Leigh Gavin	6 February 2017
Silverhill Spike	Silver Hill (Casey Gavin)	Leigh Gavin	6 February 2017

Please provide transaction details associated with the non-arms-length sales including proof of financial consideration exchanged.

The Receiver appreciates your assistance with this important matter. Should you require clarification of the information requested herein please do not hesitate to contact the undersigned at your convenience by email: christopher.keliher@ca.ey.com or by phone: (902) 421 3226.

Yours Truly,
