SEVENTH AFFIDAVIT OF MARK HORROX

Sworn on November 27, 2018.

I, Mark Horrox, of the City of TORONTO, in the Province of ONTARIO, SWEAR AND SAY THAT:

1. I am a Principal at Third Eye Capital Corporation ("**TEC**"). I have been directly involved with the accounts of Ranch Energy Corporation ("**Ranch**"), OpsMobil Inc. ("**OpsMobil**"), 1734163 Alberta Inc., 1859821 Alberta Inc., Air Dallaire Ltd., OpsMobil Group Inc., OpsMobil Construction Inc., OpsMobil Energy Services Inc., and K.L. Capital Corp. (collectively, the "**Debtors**"). I have personal knowledge of the matters deposed to in this Affidavit, except when stated to be based upon information and belief, in which case I believe the same to be true.
2. I am duly authorized to swear this Affidavit on behalf of TEC.
3. As will be described in greater detail below, TEC is the first ranking secured creditor of the Debtors, and in this capacity, on June 26, 2018, made an application in this Court file (the "**Receivership Application**") for orders appointing Ernst & Young Inc. ("**E&Y**" or the "**Receiver**") as receiver to the assets, undertakings and properties of the Debtors, which application was granted on July 19, 2018.
4. This Affidavit is made in response to the application filed by ECN Aviation Inc. ("**ECN**") on November 18, 2018 (the "**ECN Application**"), in which ECN seeks orders declaring, *inter alia*, that it has a first-ranking security interest in, and is entitled to take possession of the following assets:

- (a) "One (1) 1998 Eurocopter model AS350BA-FX-2 aircraft bearing manufacturer's serial number 3100 and Canadian registration mark C-FXHP, including one (1) Lycoming (Honeywell) model LTS101-700D2 engine installed on the airframe bearing manufacturer's serial number LE-43005C ("**C-FXHP**")"; and
- (b) One (1) 2000 Eurocopter model EC120B aircraft bearing manufacturer's serial number 1057 and Canadian registration mark C-GEMU, including one (1) Turbomeca model Arrius 2F engine installed on the airframe bearing manufacturer's serial number 34069 ("**C-GEMU**");

*and all parts, accessories, appliances, appurtenances, components, furnishings, instruments, modules, navigational and communications equipment and all other goods, tangible, personal property and other equipment of whatever nature that may from time to time be incorporated or installed in or attached to the foregoing airframes, engines or auxiliary power unit, as the case may be, and all records, logs, maintenance records, manuals, technical data, training aids, computer software, and other materials related to the airframes, engines, propellers or auxiliary power unit, as the case may be, and any property substituted for any of the foregoing (collectively, the "**ECN Aircraft**"), and for certainty, including any parts, accessories, appliances, appurtenances, components, furnishings, instruments, modules, navigational and communications equipment and all other goods, tangibles, personal property and other equipment from the ECN Aircraft that have been removed from the ECN Aircraft or installed on other aircraft." (our underlining)*

5. TEC contests in part the relief sought by ECN in its application, insofar as:
 - (a) ECN purports to be authorized to take possession of a Power Train (as defined below) over which TEC holds first-ranking security, which was installed by OpsMobil on C-GEMU after having been removed from aircraft C-GEMK (as defined below);
 - (b) ECN purports to be authorized to take possession of parts, components and other accessories that have been removed from the ECN Aircraft and installed on other aircraft over which TEC holds first-ranking security, without clearly identifying the parts, components and other accessories targeted by this order, without due regard to the PPSA principles of accession which I am told govern this matter.
6. This Affidavit is also made in response to (i) the Affidavit of Mr. Algis Vaitonis sworn on November 18, 2018 (the "**First Vaitonis Affidavit**"), (ii) the Affidavit of Allison Endersby sworn on November 21, 2018, and (iii) the Second Affidavit of Mr. Algis Vaitonis sworn on November 26, 2018 (the "**Second Vaitonis Affidavit**"), which I have read and which I believe exclude certain key facts relevant to the relief sought in the ECN Application.

I. TEC'S LOAN AND SECURITY DOCUMENTS

7. As previously described in my earlier affidavits, including in particular, my affidavit dated June 26, 2018 (the "**First Horrox Affidavit**"), TEC, in its capacity as administrative agent, entered into a series of loan and security documents with the Debtors. Capitalized terms used but not defined in this Affidavit have the meanings given to them in the First Horrox Affidavit.
8. For the purpose of this affidavit, I will rely on the descriptions contained in the First Horrox Affidavit, however I will also outline and reiterate certain key loan and security documentation in connection with the issues arising from the ECN Application, and in particular, TEC's security over the Power Train (as defined below).
9. On or about December 23, 2015, TEC, as administrative agent for the Ops Lenders, OpsMobil, as borrower, the Corporate Guarantors¹, Roch Dallaire ("**Dallaire**") and Ryan Tobber ("**Tobber**", collectively with Dallaire and the Corporate Guarantors, the "**Guarantors**") executed or later became parties to the Credit Agreement (as such agreement may be amended, modified, extended, renewed, replaced, restated, supplemented or refinanced, from time to time, the "**Credit Agreement**"), pursuant to which TEC committed to make the following credit facilities available to OpsMobil:
 - (a) a revolving credit facility of \$3,000,000; and
 - (b) a term credit facility of \$7,000,000.

A copy of the Credit Agreement is marked as **Exhibit "A"** and attached hereto.

¹ For ease of reference, the Corporate Guarantors are defined in the First Horrox Affidavit as being, collectively, 1734163 Alberta Inc., 1859821 Alberta Inc., Air Dallaire Ltd., OpsMobil Group Inc., OpsMobil Construction Inc., OpsMobil Energy Services Inc. and K.L. Capital Corp.

10. On December 23, 2015, or pursuant to subsequent attornment agreements, several guarantee agreements were entered into, including, a Guarantee (the "**Omnibus Guarantee**"), pursuant to which each of the Corporate Guarantors irrevocably and unconditionally guaranteed to the Ops Lenders the due and punctual payment, and the due performance of all of OpsMobil's debts, liabilities and obligations, present or future, pursuant to the Credit Agreement. A copy of the Omnibus Guarantee is marked as **Exhibit "B"** and attached hereto.
11. On December 23, 2015, several security agreements were also entered into between the Debtors, the Guarantors and TEC, including, without limitation, a *Security Agreement* (the "**Omnibus Security Agreement**") pursuant to which OpsMobil and each of the Corporate Guarantors granted to TEC, for the benefit of the Ops Lenders, a security interest in all of their respective property and undertaking, whether present or future, as security for the payment of their obligations under the Credit Agreement and the Omnibus Guarantee, as applicable. A copy of the Omnibus Security Agreement is marked as **Exhibit "C"** and attached hereto.
12. Section 2.1 of the Omnibus Security Agreement provides that TEC shall have security over the following property:

"Section 2.1 [...]

(b) the Aircraft Object, including the Aircraft Object of such Obligor, if any listed on Schedule A;

[...] all substitutions and replacements of an increases, additions and, where applicable, accessions to the property described in Section 2.1(a) through Section 2.1(f) inclusive; [...]"
13. Schedule A to the Omnibus Security Agreement lists the specific "*Aircraft Objects*" on which TEC has security, and includes, *inter alia*, Eurocopter (Model EC120B) bearing manufacturer's serial number 1427 and registration mark C-GEMK (together with all installed, incorporated or attached accessories, parts and equipment, "**C-GEMK**").
14. The Omnibus Security Agreement was amended pursuant to a *First Amending Agreement* dated April 8, 2016 (marked as **Exhibit "D"** and attached hereto) and a *Second Amending Agreement* dated July 11, 2016 (marked as **Exhibit "E"** and attached hereto), and was supplemented pursuant to a *Supplemental Agreement* dated April 8, 2016 (marked as **Exhibit "F"** and attached hereto) and a *Supplemental Agreement* dated July 11, 2016 (marked as **Exhibit "G"** and attached hereto).
15. The Omnibus Security Agreement was also amended pursuant a *Supplemental Agreement* dated July 10, 2017 (marked as **Exhibit "H"** and attached hereto).
16. The Ops Lenders registered their security interests granted by OpsMobil and the Corporate Guarantors in the Alberta Personal Property Registry (the "**PPR**") on December 22, 2015. Attached hereto and marked as **Exhibit "I"** through "**M"** are copies of the Alberta Personal Property Registry search reports, dated June 25, 2018, in respect of certain of the Debtors and Corporate Guarantors.

II. THE POWER TRAIN

17. I am advised that in January 2016, several parts of C-GEMK over which TEC had registered first-ranking security (collectively referred to as the "Power Train") were removed from C-GEMK pursuant, at least in part, to work order 21105, and installed, at least in part, on C-GEMU pursuant to work order 21113, including the following :

(a) Rotor Blades and Main Rotor Head:

- i. Main rotor blade, part number C621A1006103, serial number 3008;
- ii. Main rotor blade, part number C621A1006102, serial number 588;
- iii. Main rotor blade, part number C621A1006101, serial number 433;
- iv. Main rotor head assembly, part number C622A0-1010-58, serial number M547.

(b) Main Gearbox Assembly:

- i. Transmission removed as complete assembly with rotor head and hydraulic servos attached;
- ii. Swashplate part number C623A1110059, serial number M703;
- iii. Epicyclic module, part number C632D0101052, serial number M/572;
- iv. Main Gear Box (MGB) Main Module, part number C632A0-2010-54, serial number M588;
- v. Servos, part number SC5091, serial numbers 1575, 1577 and 1481.

A copy of the work orders 21105 and 21113 are marked as **Exhibit "N"** and attached hereto. It is not currently clear that the above component list represents all the parts of C-GEMK that have been removed and installed on C-GEMU.

18. TEC was not advised by OpsMobil that it was removing the C-GEMK Power Train to install it on C-GEMU and it is my view that said removal was done by OpsMobil in breach of Section 4.1(c) of the Omnibus Security Agreement (Exhibit "C") and Sections 6.1(z) and (aa) of the Credit Agreement.
19. Following the execution of these work orders, but before ECN began to realize on its security on the ECN Aircraft, it is my understanding, from reading the Vaitonis Affidavit, that ECN ordered the following inspections of the ECN Aircraft:
- (a) an inspection by Heli Appraisals International on June 22 and 23, 2017 ("**Inspection 1**"). A copy of the Inspection 1 report is filed as Exhibit "15" to the Vaitonis Affidavit;
 - (b) an inspection by Sean Kennedy, a Technical Representative at ECN, on October 11 and 12, 2017 ("**Inspection 2**"). A copy of the Inspection 2 report is filed as Exhibit "17" to the Vaitonis Affidavit; and
 - (c) an inspection by Sean Kennedy on March 19 and 20, 2018 ("**Inspection 3**"). A copy of the Inspection 3 report is filed as Exhibit "18" to the Vaitonis Affidavit.

20. In light of these reports, I believe that as of October 2017, at the latest, ECN was fully aware that parts from C-GEMK, an EC120 helicopter on which TEC had registered first-ranking security, had been removed and installed on C-GEMU, an EC120 helicopter over which ECN had registered first-ranking security. I believe that it is worth noting that at this time, OpsMobil had only two EC120 aircraft, i.e. C-GEMK and C-GEMU.
21. In fact, the Inspection 2 report (Exhibit "17" to the Vaitonis Affidavit) states the following:

"8. The company has another EC120, C-GEMK, and robs parts from it to service C-GEMU. This appears to be a trend in the company."
22. TEC was wholly unaware of these Inspection reports, and in particular, the fact that parts on which it held first-ranking security, including the Power Train, were being removed to service C-GEMU.
23. I understand that the power train removed from the ECN Aircraft remains at one of OpsMobil's hangars, and arrangements could be made to return this power train to the ECN Aircraft concurrently with receipt of the Power Train from ECN, together with any ancillary parts that originated from C-GEMK.

III. REALIZATION EFFORTS BY EACH OF ECN AND TEC

24. I am informed that on May 11, 2018, despite knowing that C-GEMU included parts (i.e. the Power Train) on which TEC had a first-ranking security interest, ECN ordered bailiffs from Allied Shortridge Civil Enforcement Agency Inc. to seize the ECN Aircraft, including all component parts of C-GEMU.
25. On June 6, 2018, in response to, *inter alia*, the ongoing various defaults under both the Credit Agreement and the Promissory Note (which defaults are described in greater detail in the First Horrox Affidavit), TEC issued and delivered to each of the Debtors a Notice of Intention to Enforce Security pursuant to Section 244 of the *Bankruptcy and Insolvency Act* (collectively, the "NOIs"), in which the Debtors were formally advised that, as a result of the continuing events of default under the Credit Agreement and the Promissory Note, as applicable, TEC intended to enforce its rights pursuant to the Ops Security Agreements and the Ranch Security Agreements, as applicable. The NOIs are marked as Exhibit "OO" to the First Horrox Affidavit.
26. On June 26, TEC filed the Receivership Application, however on July 4, 2018, in light of a competing petition for the issuance of an initial order filed by the Debtors pursuant to the *Companies' Creditors Arrangement Act*, RSC 1985, c. C-36 (the "CCAA"), this Court issued an Order for Interim Stay in Court file number 1801-09424 (the "Interim Stay Order"). Pursuant to the Interim Stay Order, the CCAA application was adjourned to July 10, 2018, to be heard in conjunction with the Receivership Application.
27. On July 10, 2018, this Court issued, with the consent of TEC, an initial order pursuant to the CCAA (the "Initial Order") in Court file number 1801-09424, Ernst & Young Inc. was appointed to act as monitor of Ranch and TEC's Receivership Application was adjourned *sine die*.

28. On July 19, 2018, in light of the evolving circumstances of the file including the financial situation of the Debtors, this Court issued orders (the "**Receivership Order**") granting the Receivership Application, appointing the Receiver to the assets of the Debtors and suspending the proceedings of the Debtors under the CCAA.

IV. CONCLUSION

29. On or around October 4, 2018, in the context of discussions to resolve the litigation with Airborne Energy Solutions Inc. ("**AES**"), TEC was informed by AES, and to the best of my knowledge for the first time, that the C-GEMK Power Train had been removed and installed on C-GEMU. As a result, I called Mr. Vaitonis on or around October 5, 2018 to let him know that our Power Train was erroneously installed on C-GEMU, and that we would need to make arrangements to return the equipment to the C-GEMK. These conversations continued into November, 2018.
30. Subsequently, on November 16, 2018, while continuing discussions with Mr. Algis Vaitonis about this matter, Mr. Vaitonis confirmed that he was fully aware of the fact that the Power Train currently installed on C-GEMU had been removed from C-GEMK.
31. I would note for the record that Mr. Vaitonis worked at TEC for around five (5) years up until January 2016, and most recently, as a Principal. Consequently, Mr. Vaitonis was employed by TEC when the Credit Agreement and the Omnibus Security Agreement were put in place and is aware of the all-asset lens that customarily make up TEC's collateral packages, and I therefore believe that he reasonably ought to have known, even before the results of his October 2017 inspection reports were in hand, that TEC holds first-ranking security in the Power Train, given that the components therein originated from C-GEMK, which itself was specifically listed as security as an "Aircraft Object" under the Omnibus Security Agreement.
32. On November 23, 2018, in light of the allegations in the Vaitonis Affidavit, I instructed TEC's counsel to obtain additional information, including, *inter alia*, a confirmation as to the exact parts of the Power Train that are currently installed on C-GEMU, over which ECN is attempting to take possession. A copy of the November 23, 2018, written interrogatories sent by Stikeman Elliott LLP to ECN's counsel is marked as **Exhibit "O"** and attached hereto.
33. On November 26, 2018, ECN filed the Second Vaitonis Affidavit in response to these written interrogatories. In the Second Vaitonis Affidavit, Mr. Vaitonis seeks to claim that despite the Inspection 2 report, ECN was not aware that the Power Train had been replaced in C-GEMU, nor was it aware that TEC had any sort of security interest in C-GEMK. I believe that these claims are self-serving and unlikely, since TEC had a clear registered right in C-GEMK at the PPR, which ECN, acting reasonably, should have checked prior to seizing the ECN Assets, knowing full well, as at May 11, 2018, that one of the ECN Assets contained parts that had been robbed from another aircraft (C-GEMK), on which ECN did not hold any security interest.
34. Accordingly, I believe that ECN had knowledge of TEC's security interest in the Power Train at the time that it seized C-GEMU, and as such, any rights that it may have as regards to the seizing and disposition of C-GEMU must exclude the Power Train, on which TEC continues to hold a first-ranking security interest.

35. I swear this affidavit in connection with TEC's partial contestation of the ECN Application and not for any improper purpose.
