PURPOSE OF THE REPORT

1. The purpose of this Confidential Supplement to the Receiver's Second Report (the **"Second Confidential Supplement"**) is to provide the Court (and certain stakeholders as requested and as deemed appropriate by the Receiver, subject to a suitable confidentiality undertaking) with the detailed information in relation to the results of the Maynards Sale and matters in relation thereto.
2. As noted in the Receiver's Second Report, the Receiver considers the information contained herein to be commercially sensitive in nature, and as such, should remain confidential and not be made available to the public at this time.

DISCLAIMER

3. In preparing the Second Confidential Supplement, the Receiver has relied upon DLM's unaudited financial information, DLM's books and records, certain financial information prepared by DLM, and discussions with Management. The Receiver has not audited, reviewed or otherwise attempted to verify the accuracy or completeness of the information provided. Accordingly, the Receiver expresses no opinion or other form of assurance on the information contained in this Second Confidential Supplement or relied upon in its preparation. Future oriented financial information reported or relied on in order to prepare this Second Confidential Supplement (if any) is based on Management's assumptions regarding future events; actual results will vary from forecast, and such variations may be material.
4. This Second Confidential Supplement should be read in conjunction with the Receiver's Second Report and any other materials filed before the date of the upcoming application to Court which has currently been set for October 29, 2019. All reports and Orders, save for items directed to be sealed for confidentiality purposes, are available on the Receiver's website established for these proceedings that is located at www.ey.com/ca/dlm.
5. Unless otherwise stated, all references to monetary amounts contained herein are expressed in Canadian currency. Capitalized terms used herein, not otherwise defined, are as defined in the Receiver's First and Second Reports, previous orders of the Court and other materials filed to date in connection with these proceedings.

RESULTS OF THE MAYNARDS SALE

6. As stated in the Receiver's Second Report, the Receiver and Maynards executed the Auction Agreement effective July 22, 2019. A copy of the executed Auction Agreement is attached as Schedule "A".
7. The Maynards Sale took place on September 5, 2019 as scheduled with assets on site at both of DLM's Bonnyville and Elk Point, Alberta locations. On or about September 17, 2019, Maynards provided the Receiver with an accounting of the results of the Maynards Sale. A list of the assets sold at the Maynard Sale and the corresponding amount of proceeds derived therefrom is attached as Schedule "B".
8. For the Court's ease of reference, the total sales proceeds from the Maynards Sale was \$2,622,480.41. However, Maynards advised the Receiver that a number of assets remained unsold immediately following the Maynards Sale. A list of the assets that did not sell at the Maynards Sale is attached as Schedule "C".
9. The Receiver advises that per the executed Auction Agreement the NMG was \$6,745,000.00. The difference between the NMG and the proceeds derived from the Maynards Sale as noted above is \$4,122,519.59. The matter becomes further complicated by the fact that all of the assets did not sell.

ASSETS SOLD OUTSIDE OF THE MAYNARDS SALE

10. The Receiver advises Maynards sold a number of the assets outside of the Maynards Sale without the Receiver's prior knowledge. The following is an analysis of the assets sold outside of the Maynards Sale:

Sale Date	Purchaser Name	Description	Maynards Sale Price	Maynards Appraised Value	EY Forced Liquidation Value	Collection Status
2019-07-25	Movac Mobile Vacuum Services Ltd.	2007 International Freightliner (VIN 1FVPALAV77DY44809); 2005 Rebel Tank, Semi-Vac (VIN 2P9CS13D95ND82591); and 2014 Unfinished Vacuum Tank (VIN 2P9ST3MU8FA015475)	\$125,000.00	\$120,000.00	\$74,500.00	Funds received by EY
2019-08-27	1652255 Ab Ltd O/A Tooth Energy	2007 Freightliner Pressure Truck (VIN 1FVHC5CV17HZ36451)	\$50,847.46	\$45,000.00	\$53,500.00	Funds not yet received by EY
2019-09-30	Spartan Trucking Inc.	2004 Kenworth DAMAGED BY FIRE (VIN 1NKDX4EX65R978062)	\$1,000.00	\$5,000.00	\$97,500.00	Funds received by EY
2019-10-04	1369274 AB Ltd.	2012 Advance Tank and Trailer (VIN 2AEASWBH1CK000103)	\$25,000.00	\$45,000.00	\$38,000.00	Funds not yet received by EY
2019-10-09	1145018 AB Ltd. O/A CRJ Trucking	2015 Peterbilt (VIN 1NPXL49X8FD274683); 2012 Western Star (VIN 5KKPALDR4CPBF4841); 2009 Kenworth (VIN 1XKDDBOX89J940217); and 2013 Western Star (VIN 5KKPALDR6DPBS9137)	\$228,813.56	\$290,000.00	\$500,500.00	Funds received by EY
2019-10-11	Boss Hills Contracting	2012 Western Star (VIN 5KKPALDR5CPBN5226)	\$55,084.75	\$65,000.00	\$153,000.00	Funds received by EY
2019-10-15	S&T Energy	2015 Peterbilt (VIN 1NPXT4EX2FD274686)	\$190,677.97	\$275,000.00	\$177,000.00	Funds received by EY
	Totals		\$676,423.74	\$845,000.00	\$1,094,000.00	

11. The Receiver advises the Court of the following in relation to the information noted in the chart above:

- (a) The first two line-items were sold prior to the Maynards Sale and, as a result, are not shown in either Schedule "B" or Schedule "C";

- (b) The remaining line-items were sold after the Maynards Sale and, as such, should be removed from the unsold asset list attached as Schedule "C";
- (c) The EY Forced Liquidation Value was compiled only as a desk-top appraisal, site unseen, with no information being provided to EY by Management as to the condition of the assets;
- (d) The Maynards Appraised Value figures were determined based on an on-site viewing of the assets at the DLM locations in Bonnyville and Elk Point, Alberta, and are therefore more closely approximate actual market values;
- (e) It is the Receiver's understanding that the Maynards Appraised Values were used by Maynards to determine the NMG and, should the ultimate recovery be less than the NMG, it is expected that Maynards will top-up any shortfall to meet the NMG discussed herein;
- (f) Based on the results of the Maynards Sale, the current market for DLM's assets appears soft; and
- (g) Comparing the Sale Price to Maynards Appraised Value, and considering the results of the Maynards Sale, the Receiver believes the assets were sold in a commercially reasonable manner and the total proceeds received are fair and reasonable in the circumstances.

PROCEEDS RECEIVED FROM MAYNARDS

12. As noted in paragraph 2.7 of the Auction Agreement, Maynards was to pay the NMG within 10 days following the Maynards Sale, which would have been September 15, 2019. However, this did not occur.

13. The Receiver advises that Maynards provided the following amounts to the Receiver (or its legal counsel) as follows:

Date	Amount	Comments
September 24, 2019	\$156,733.50	Received by EY counsel and held in trust
September 25, 2019	\$3,035,000.00	Wire transfer received by EY
October 1, 2019	\$39,028.50	Wire transfer received by EY
October 22, 2019	\$336,180.00	Received by EY counsel and held in trust
Total	\$3,566,942.00	

14. After considering the above, as at the date of this report, there is still \$3,178,058.00 owed to the Receiver based on a comparison of the NMG and the \$3,566,942.00 received to date.

MAYNARDS PROPOSAL

15. On or about September 25, 2019, Maynards contacted the Receiver to discuss the results of the Maynards Sale and the assets sold outside of same. As part of the discussions, Maynards requested an extension of time to pay the balance of the outstanding NMG and authorization from the Receiver to run a second sale to sell the remaining unsold assets. At no time during the course of the discussions between Maynards and the Receiver did Maynards suggest that they would not pay the balance of the NMG still owing. Rather, Maynards was only seeking flexibility in the timeline to pay the NMG because of the unexpected soft results of the Maynards Sale.
16. The Receiver advised Maynards that, subject to the advice from its counsel and approval by this Honorable Court, it was willing to collaborate with Maynards given the circumstances. However, the Receiver would expect the following would be required (at a minimum):
- (a) Maynards to pay interest at prime (per annum) on amounts outstanding;
 - (b) Maynards to provide a copy of its auction appraisal (globally and by unit) for the Receiver to review and determine how the NMG was determined and also to potentially use this information to adjust (inflate) sales proceeds of individual assets should total actual sales proceeds be less than the NMG; and
 - (c) Maynards to pay all costs for rent, insurance, utilities, security and other costs associated with running a second sale at a later date.
17. In response to the Receiver's request and on-going negotiations, counsel for Maynards advised counsel for the Receiver of the following proposal (the "**Maynards Proposal**"):
- (a) Maynards to pay the balance of the NMG still owing prior to, or in conjunction with the execution of a formal Amended Auction Agreement;
 - (b) Unsold assets to be released to Maynards following payment of the balance of the NMG still owing; and
 - (c) EY to abandon any claim to interest.

18. Attached as Schedule "D" to this report is a copy of the Amended Auction Agreement which serves to formalize an agreement between the Receiver and Maynards as per the Maynards Proposal.
19. The Receiver recommends proceeding with the Maynards Proposal and finalizing an Amended Auction Agreement as it is a commercially reasonable solution to the matters discussed above, and it will maximize the recovery for the estate while at the same time mitigating and minimizing expenses which could include the following if some other course of action is pursued:
- (a) Fees of the Receiver;
 - (b) Fees of Receiver's legal counsel to litigate any non-payment of the NMG;
 - (c) Additional realization costs;
 - (d) Additional costs to safeguard the assets such as security and insurance; and
 - (e) Further occupation costs such as rent and utilities.

CONCLUSION

20. Based on the information outlined in this Second Confidential Supplement, the Receiver respectfully requests that this Honorable Court grant an Order that approves the Amended Auction Agreement.

Respectfully submitted this 22nd day of October 2019.

- 4.2 If the Court of Queen's Bench of Alberta does not approve Receiver entering into this Agreement or approve the Approval Order, or vacates, sets aside or varies any such Order, for any reason whatsoever (except any wilful misconduct of the Receiver), then the Receiver and the Auctioneer will not be liable to each other or any other person in any way whatsoever, in connection therewith.

SCHEDULE "B"
THE RECEIVER'S AND AUCTIONEER'S RESPONSIBILITIES

The following sets out the Receiver's and Auctioneer's respective responsibilities with respect to the disposition of the Assets. The parties acknowledge and agree that:

General

1. The Auctioneer is acting only in its capacity as an independent contractor dealing with the Receiver and is otherwise not the Receiver's employee or assign, nor is it assuming the legal responsibilities, duties or obligations of the Receiver or of a "Secured Party" including but not limited to as set out in Section 17 and Part 5 of the *Personal Property Security Act* (Alberta).
2. The Auctioneer will carry out the Auction in an orderly and professional manner, in accordance with industry practices. The Auctioneer shall, promptly following the Auction, provide the Receiver with a detailed written accounting describing each Asset sold and the purchase price attributed thereto and the applicable Sale Proceeds in a form satisfactory to the Receiver acting reasonably.
3. The Auctioneer agrees not to divulge, communicate or disclose, except as may be required by Law or for the performance of this Agreement, or use to the detriment of the Receiver or for the benefit of any other person or persons, or misuse in any way, any confidential information of the Receiver related to the Assets. In the event that the Auctioneer is required to divulge, communicate or disclose any such confidential information pursuant to any law, the Auctioneer shall promptly provide written notice to the Receiver of such requirement so that the Receiver may seek a protective order or other appropriate remedy (in which case the Auctioneer will cooperate fully). If no such protective order or other remedy is obtained, the Auctioneer will disclose only that portion of such confidential information which it is advised by counsel it is legally required to disclose.
4. The Auctioneer will not be responsible for the following costs, claims, or liabilities, even if such are payable:
 - (a) lease payments to third parties under any leases of the Assets;
 - (b) any pre-existing environmental costs;
 - (c) any legal costs associated with dealing with liens against the Assets; and,
 - (d) any product warranties, conditions, or liabilities, including without limitation those set forth in the *Sale of Goods Act* (Alberta) and the *International Sale of Goods Contracts Convention Act* (Canada).

5. The Receiver shall be responsible for the following:
- (a) any existing security systems should remain in effect until all Assets have been removed from the Premises;
 - (b) making reasonable efforts to make the representatives of the Debtor who are familiar with the mechanical, electrical and fire protection systems available as necessary to the Auctioneer's project manager; and
 - (c) provided that Receiver has not already terminated same, maintaining existing communication systems, such as telephones, internet and facsimile machines, should in place and operative on the Premises until the completion of the sale and removal of the Assets, with the cost of maintaining same to be borne by the Auctioneer.
6. The Receiver shall indemnify, defend and hold harmless the Auctioneer, and its officers, directors, employees, agents and shareholders, and their respective successors and assigns, from any and all claims, liabilities, costs and expenses, including but not limited to reasonable actual legal costs, fines, penalties, damages and losses, which the Auctioneer may sustain, incur or be subject to, arising out of, or by reason of, any third party claim or interest in any of the Assets or proceeds thereof ("Third Party Asset Claim").
7. Where any Third Party Asset Claim is made, the Auctioneer shall notify the Receiver within five (5) business days of becoming aware of any such claim, together with a copy of any demand or other evidence of the existence of such claim and the amount thereof. If the Receiver acknowledges its responsibility and intention to assume the defence of such claim (such acknowledgement to be provided in writing by the Receiver to the Auctioneer no more than (5) business days from the Receiver's receipt of the Third Party Asset Claim from the Auctioneer), then the Receiver shall be entitled in the first instance to dispute, resolve, negotiate or otherwise compromise the Third Party Asset Claim as part of its indemnification obligation described at Section 6 herein. The Receiver shall not enter into any compromise or settlement of any Third Party Asset Claim without obtaining the prior written consent of the Auctioneer, acting reasonably. If the Receiver does not acknowledge its responsibility and intention to assume the defence of such claim in accordance with the foregoing, the Auctioneer may, at its option, elect to settle or compromise the Third Party Asset Claim and assume such defence, assisted by counsel of its own choosing and the Receiver shall be liable for all reasonable costs and expenses paid or incurred in connection therewith and any loss or liability suffered or incurred by the Auctioneer with respect to such Third Party Asset Claim.

Taxes

8. The Auctioneer shall collect, and promptly pay to the applicable authority and confirm such payment to the Receiver, all social services tax, provincial sales tax (if applicable), goods and services tax and any other tax resulting from any sale transaction entered into by the Auctioneer with respect to any of the Assets.

de

9. The Auctioneer shall indemnify, defend and hold harmless the Receiver, and its officers, directors, employees, agents and shareholders, and their respective successors and assigns, from any and all demands, liabilities or claims, including, but not limited to fines, penalties, damages, losses, costs and expenses, which the Receiver may sustain, incur or be subject to, arising out of, or by reason of, any failure by the Auctioneer to collect, pay or remit any applicable taxes under, or in accordance with, the provisions of the *Excise Tax Act* (Canada) or similar legislation, in relation to the sale of the Assets in accordance with the Auction (including without limiting the generality of the foregoing in respect of the Buyer's Premium described in Section 2.2 of this Agreement).

Insurance

10. The Auctioneer will maintain insurance, and will provide to the Receiver proof of insurance, with respect to any public liability which could flow from the Auctioneer's activities, naming the Receiver as beneficiary of such insurance, providing for coverage of not less than \$5,000,000 per occurrence and otherwise in a form satisfactory to the Receiver acting reasonably.
11. The Receiver shall maintain all existing insurance coverage on the Assets until all Assets are removed from the Premises.

Event of Force Majeure

12. If the Auctioneer is materially delayed, interrupted or precluded from completing the Auction in accordance with this Agreement by reason of *force majeure* which includes, without limitation, any event or circumstance of any nature whatsoever that is beyond the reasonable control of the Auctioneer, including earthquake, flood or other act of God, fire, explosion or accident, howsoever caused, any act or omission or delay by any governmental authority, strike, lockout, inability to obtain or delay in obtaining labour, supplies, materials or equipment, delay or failure by carriers or contractors, breakage or other casualty, or seasonal or climactic conditions, the Auctioneer shall be held harmless from any and all liability if such disaster shall affect the conduct or timing of any actions contemplated by this Agreement. The Auctioneer shall give immediate written notice of any circumstance which may constitute an indemnifiable event to the Receiver. The Auctioneer shall be entitled to be paid so much of the amounts payable to it pursuant to this Agreement to which it has become entitled as at the date of the event of *force majeure*. In the event that, acting reasonably, the parties hereto are unable to negotiate a settlement, the matter will be determined in accordance with directions from the Alberta Court of Queen's Bench.

For the purposes of this Schedule "B", "Contaminants" means any substance or thing or mixture of them which alone, or in combination, or in concentrations, are flammable, corrosive, reactive or toxic or which might cause adverse effects or be deemed detrimental to living things or to the environment, including, but not limited to, any pollutant, contaminant, toxic or hazardous substance, such as, by way of example, urea formaldehyde, asbestos, polychlorinated biphenyl, pesticides, or any other substance with

De

which the removal, manufacture, preparation, generation, use, maintenance, storage, transfer, handling or ownership is subject to any laws, rules or regulations.

14. The Receiver will defend, indemnify and save harmless the Auctioneer and its directors, officers, employees, agents, successors and assigns, from any and all liabilities, actions, damages, claims, losses, costs and expenses whatsoever (including without limitation, the full amount of all reasonable legal (on a solicitor and his own client basis) and other professional costs and the costs of removal, abatement, treatment, storage or disposal of Contaminants and remediation of the Premises and any other property affected) which may be paid by, incurred by or asserted against the Auctioneer or its directors, officers, employees, agents, successors or assigns for, with respect to, or as a direct or indirect result of, the presence of any Contaminants, known or unknown, on, in or under, or the escape, seepage, leakage, spillage, discharge, emission or other release of any Contaminants, known or unknown, on, under or from any part of the Premises or the Assets existing or having occurred as of the date of this Agreement, including but not limited to the removal, relocation, disassembly, modification, or inspection of the Assets pursuant to this Agreement, to the extent that such issues, states or releases were caused by the Receiver and/or the Debtor ("**Third Party Environmental Claim**"). For the avoidance of doubt, such indemnity shall not extend to any costs associated with Contaminants brought on to or created on the Premises by the Auctioneer subsequent to the date of this Agreement or the remediation of any contamination resulting therefrom. This indemnity will survive any expiration or termination of this Agreement.
15. Where any Third Party Environmental Claim is made, including a claim in respect of any Flushing of an Affected Tank, the Auctioneer shall notify the Receiver within five (5) business days of becoming aware of any such claim, together with a copy of any demand or other evidence of the existence of such claim and the amount thereof. If the Receiver acknowledges its responsibility and intention to assume the defence of such claim (such acknowledgement to be provided in writing by the Receiver to the Auctioneer no more than (5) business days from the Receiver's receipt of the Third Party Environmental Claim from the Auctioneer), then the Receiver shall be entitled in the first instance to dispute, resolve, negotiate, remediate, or otherwise compromise the Third Party Environmental Claim as part of its indemnification obligation described at Section 14 herein. The Receiver shall not enter into any compromise or settlement of any Third Party Environmental Claim without obtaining the prior written consent of the Auctioneer, acting reasonably. If the Receiver does not acknowledge its responsibility and intention to assume the defence of such claim in accordance with the foregoing, the Auctioneer may, at its option, elect to settle or compromise the Third Party Environmental Claim and assume such defence, assisted by counsel of its own choosing and the Receiver shall be liable for all reasonable costs and expenses paid or incurred in connection therewith and any loss or liability suffered or incurred by the Auctioneer with respect to such Third Party Environmental Claim.
