Re: Grant Forest Products Inc. ("**Grant Forest Products**")

Southeast Properties LLC, Grant Newco LLC, Grant US Sales Inc., Grant Clarendon LP, Grant Allendale LP, and Grant Excluded GP (collectively, the "**Additional Applicants**")

To whom it may concern:

On June 25, 2009, Grant Forest Products and certain of its Canadian subsidiaries (the "**Original Applicants**") successfully applied under the Canadian *Companies' Creditors Arrangement Act* ("**CCAA**") for an order from the Ontario Superior Court of Justice (the "**Court**") providing, among other things, a stay in proceedings against the Original Applicants.

The Additional Applicants, which this notice is in respect of, are each indirect subsidiaries of Grant Forest Products.

On March 30, 2010 (the "**Filing Date**"), the Additional Applicants also successfully applied under the Canadian CCAA for an order (the "**Supplemental Initial Order**") from the Court, providing among other things, a stay of proceedings against the Additional Applicants. Pursuant to the Supplemental Initial Order, Ernst & Young Inc. was appointed Monitor (the "**Monitor**") of the Additional Applicants, and is also Monitor of the Original Applicants.

Individuals can obtain more information about ongoing CCAA proceedings of the Additional Applicants (as well as the Original Applicants) and can view the Initial Order and other public court documents at the Monitor's website at www.ey.com/ca/gfp.

As set out in the Sixth Report of the Monitor dated January 15, 2010 (a copy is available on the above-noted website), the CCAA proceedings with respect to the Additional Applicants were commenced as part of a process to enable Grant Forest Products and its subsidiaries to sell its plants located in Englehart in Ontario, Canada and Allendale and Clarendon in South Carolina, USA, to Georgia Pacific LLC. It is expected that the sale will be completed in the first half of 2010.

Pursuant to the terms of the Supplemental Initial Order, the Additional Applicants are permitted to continue to operate in the ordinary course. The Supplemental Initial Order permits the Additional Applicants to pay for goods and services supplied to the Additional Applicants prior to and after the Filing Date. The Additional Applicants have confirmed that they will be processing

and paying all invoices from suppliers with respect to provision of goods and services in the normal course. As such, if you are a supplier to the Additional Applicants, including a supplier of goods or services to the Clarendon or Allendale plants, there will be minimal, if any impact, caused by the CCAA proceedings. Please continue to deal with your contact at the Additional Applicants or Grant Forest Products regarding the ongoing supply of goods and services.

Attached to this notice is a letter from Grant Forest Products to you regarding the proposed sale to Georgia Pacific LLC.

As required by the CCAA, the Monitor has prepared and filed with the Court a report on the cash-flow statement filed by the Additional Applicants in connection with the Supplemental Initial Order. The report is available on the Monitor's website noted above.

If you have any further questions you may contact the Monitor at 1 877 533 6946.

Yours very truly,

RE: Announcement of Proposed Sale of Grant Forest Products Inc., and
Subsidiaries' ("Grant") Facilities to Georgia-Pacific LLC

As you may have recently heard, Grant has agreed to sell to Georgia-Pacific certain of its assets including its OSB and related manufacturing facilities located in Englehart and Earleton, Ontario, and most importantly for you, its OSB facilities located in Allendale and Clarendon, South Carolina.

We expect the sale to close in the first half of 2010 and believe that the combination of our facilities and the resources of Georgia-Pacific will strengthen our plants and position them well for the future.

In order to facilitate the sale to Georgia-Pacific, the U.S.A. subsidiaries of Grant have commenced an action in the Canadian Courts and have applied for and received an Order pursuant to the Canadian Companies Creditors Arrangement Act ("CCAA"), a statute in Canada that facilitates organizations to restructure their businesses. It will also be necessary to enter into a parallel Chapter 15 U.S.A. Bankruptcy process which will facilitate the sale of our two South Carolina facilities.

We are writing this letter to advise you of the pending sale, and the Court applications, and to assure you that in the meantime, until the closing of the sale to Georgia-Pacific, nothing will change in the way Grant Allendale LP or Grant Clarendon LP work with their vendors. We will continue with business as usual as we complete the Court proceedings in both Canada and the U.S.A and pay our suppliers in the normal course for goods and services including trade payables outstanding when the sale closes. Further, once the sale closes, Georgia-Pacific will continue to pay any trade payables for Grant Allendale LP and Grant Clarendon LP in the ordinary course.

As we get closer to the closure of this sale, both Grant and Georgia-Pacific will work hard to make the transition as seamless as possible for you.

Thank you for your patience as we move through this process. If you have any questions with respect to the above, please do not hesitate to convey them to your normal contact at Grant or any one of the following:

Bob Fleet (phone: 705 563 3206, email: bfleet@gfp-sales.com),
